

**COLUMBIA COUNTY WATER UTILITY  
CONSTRUCTION STANDARDS AND SPECIFICATIONS  
STANDARD DETAILS TABLE OF CONTENTS**

<b><u>DETAIL</u></b>	<b><u>DESCRIPTION</u></b>
11.5-1	Typical Water & Sewer Utility Location Detail-1 New & Existing Collector / Arterial Roads
11.5-2	Typical Water & Sewer Utility Location Detail-2 for Land Service Streets
11.5-3	Typical Water & Sewer Utility Location Detail-3 for Rural Land Service Streets
11.5-4	Typical Water and Sewer Line Separation Detail
11.5-5	Pavement Replacement Over Trench Excavation Detail
12.11-1	Typical Gravity Sanitary Sewer Line Trench Excavation Detail
12.14-1	Typical Sanitary Sewer Manhole Detail
12.14-2	Typical Sanitary Sewer Drop Manhole Detail
12.14-3	Shallow Sanitary Sewer Manhole Detail
12.14-4	Typical Air Release Valve Manhole Detail
12.14-5	Typical Force Main Connection to Existing Manhole Detail
12.14-5A	Typical Force Main Connection to Manhole Detail
12.14-6	Typical Dog-House Manhole Detail
12.14-7	Typical Metering or Monitoring Manhole Detail
12.14-7A	Typical Doghouse Metering or Monitoring Manhole Detail
12.16-1	Typical Service Tap / Lateral Detail-1
12.16-2	Typical Service Tap / Lateral Detail-2
12.16-3	Typical Service Tap / Lateral Detail-3 Existing Sewer Line
12.16-4	Private Force Main Connection Detail
12.17-1	Bore & Jack Crossing Detail for Gravity Sanitary Sewer Lines
12.17-2	Creek Crossing Detail for Gravity Sanitary Sewer Lines
12.18-1	Typical Force Main Trench Excavation Detail
13.2-1	Typical Lift Station Site Arrangement Plan Detail
13.2-2	Typical Lift Station & Valve Vault Detail
13.5-1	Typical Lift Station Control Center Configuration Detail
13.14-1	Typical Fence and Gate Detail
14.3.2.4-1	Restrained Joint Pipe Lengths Detail
14.4.9-1	Typical Water Line Trench Excavation Detail
14.7-1	Design Loads for Thrust or Reaction Blocking Detail

**COLUMBIA COUNTY WATER UTILITY  
CONSTRUCTION STANDARDS AND SPECIFICATIONS  
STANDARD DETAILS TABLE OF CONTENTS**

<b><u>DETAIL</u></b>	<b><u>DESCRIPTION</u></b>
14.7-2	Thrust Collar Detail
14.7-3	Thrust Collar Installation Detail
14.7.1.2-1	Vertical Offset Restraint Detail
14.9-1	Typical Valve & Valve Box Detail
14.10-1	Typical ¾" & 1" Service Line & Meter Box Detail-1
14.10-1A	Typical ¾" & 1" Service Line & Meter Box Detail-2
14.10-2	Typical 1 ½" & 2" Service Line & Meter Box Detail-1
14.10-2A	Typical 1 ½" & 2" Service Line & Meter Box Detail-2
14.10-3	Typical 3" & 4" Service Line & Meter Vault Detail
14.10-4	Typical 6" & 8" Service Line & Meter Vault Detail
14.10-5	General Arrangement for Fire Protection Line Detail
14.10-6	Typical 6" Fire / Service Line & Meter Vault Detail
14.10-7	Typical 8" Fire / Service Line & Meter Vault Detail
14.10-8	Typical 3" & 4" Irrigation Line & Meter Vault Detail
14.15-1	Typical Hydrant Assembly Detail
14.18-1	Bore & Jack Crossing Detail for Water Line & Force Main
14.19-1	Creek Crossing Detail for Water Lines or Force Mains
14.21-1	Typical Temporary Connection for Disinfection Detail
14.21-2	Typical Sample Tap Detail
