INTRODUCTION

COLUMBIA COUNTY BOARD OF COMMISSIONERS

L to R: District 1 Commissioner Ron Thigpen, District 2 Commissioner Trey Allen, Countywide Chairman Ron Cross, District 3 Commissioner Charles Allen, and District 4 Commissioner Bill Morris

The Board of Commissioners seeks to provide the necessary county services in the most cost-efficient and effective manner and to provide the foundation and guidelines necessary for the future prosperity of Columbia County. Each Commissioner is chairman over a committee which provides the conduit for information and business to be conducted between the various County departments and the Board of Commissioners.

The Board of Commissioners typically meets the first and third Tuesday of every month at 6 p.m. in the Auditorium of Building A at the Evans Government Center. Commission meetings are on the County's website (columbiacountyga.gov) and are broadcast on WBEEK (Comcast channel 103 or Knology channel 96) on Saturday at 10 a.m.

Ron C. Cross

Chairman

Term: 2011-2014

Member:

Community and Emergency Services Committee

Development Services Committee

Vision – To be recognized as a world-class community and local government.

Mission – To provide efficient and cost-effective essential services in a professional manner.

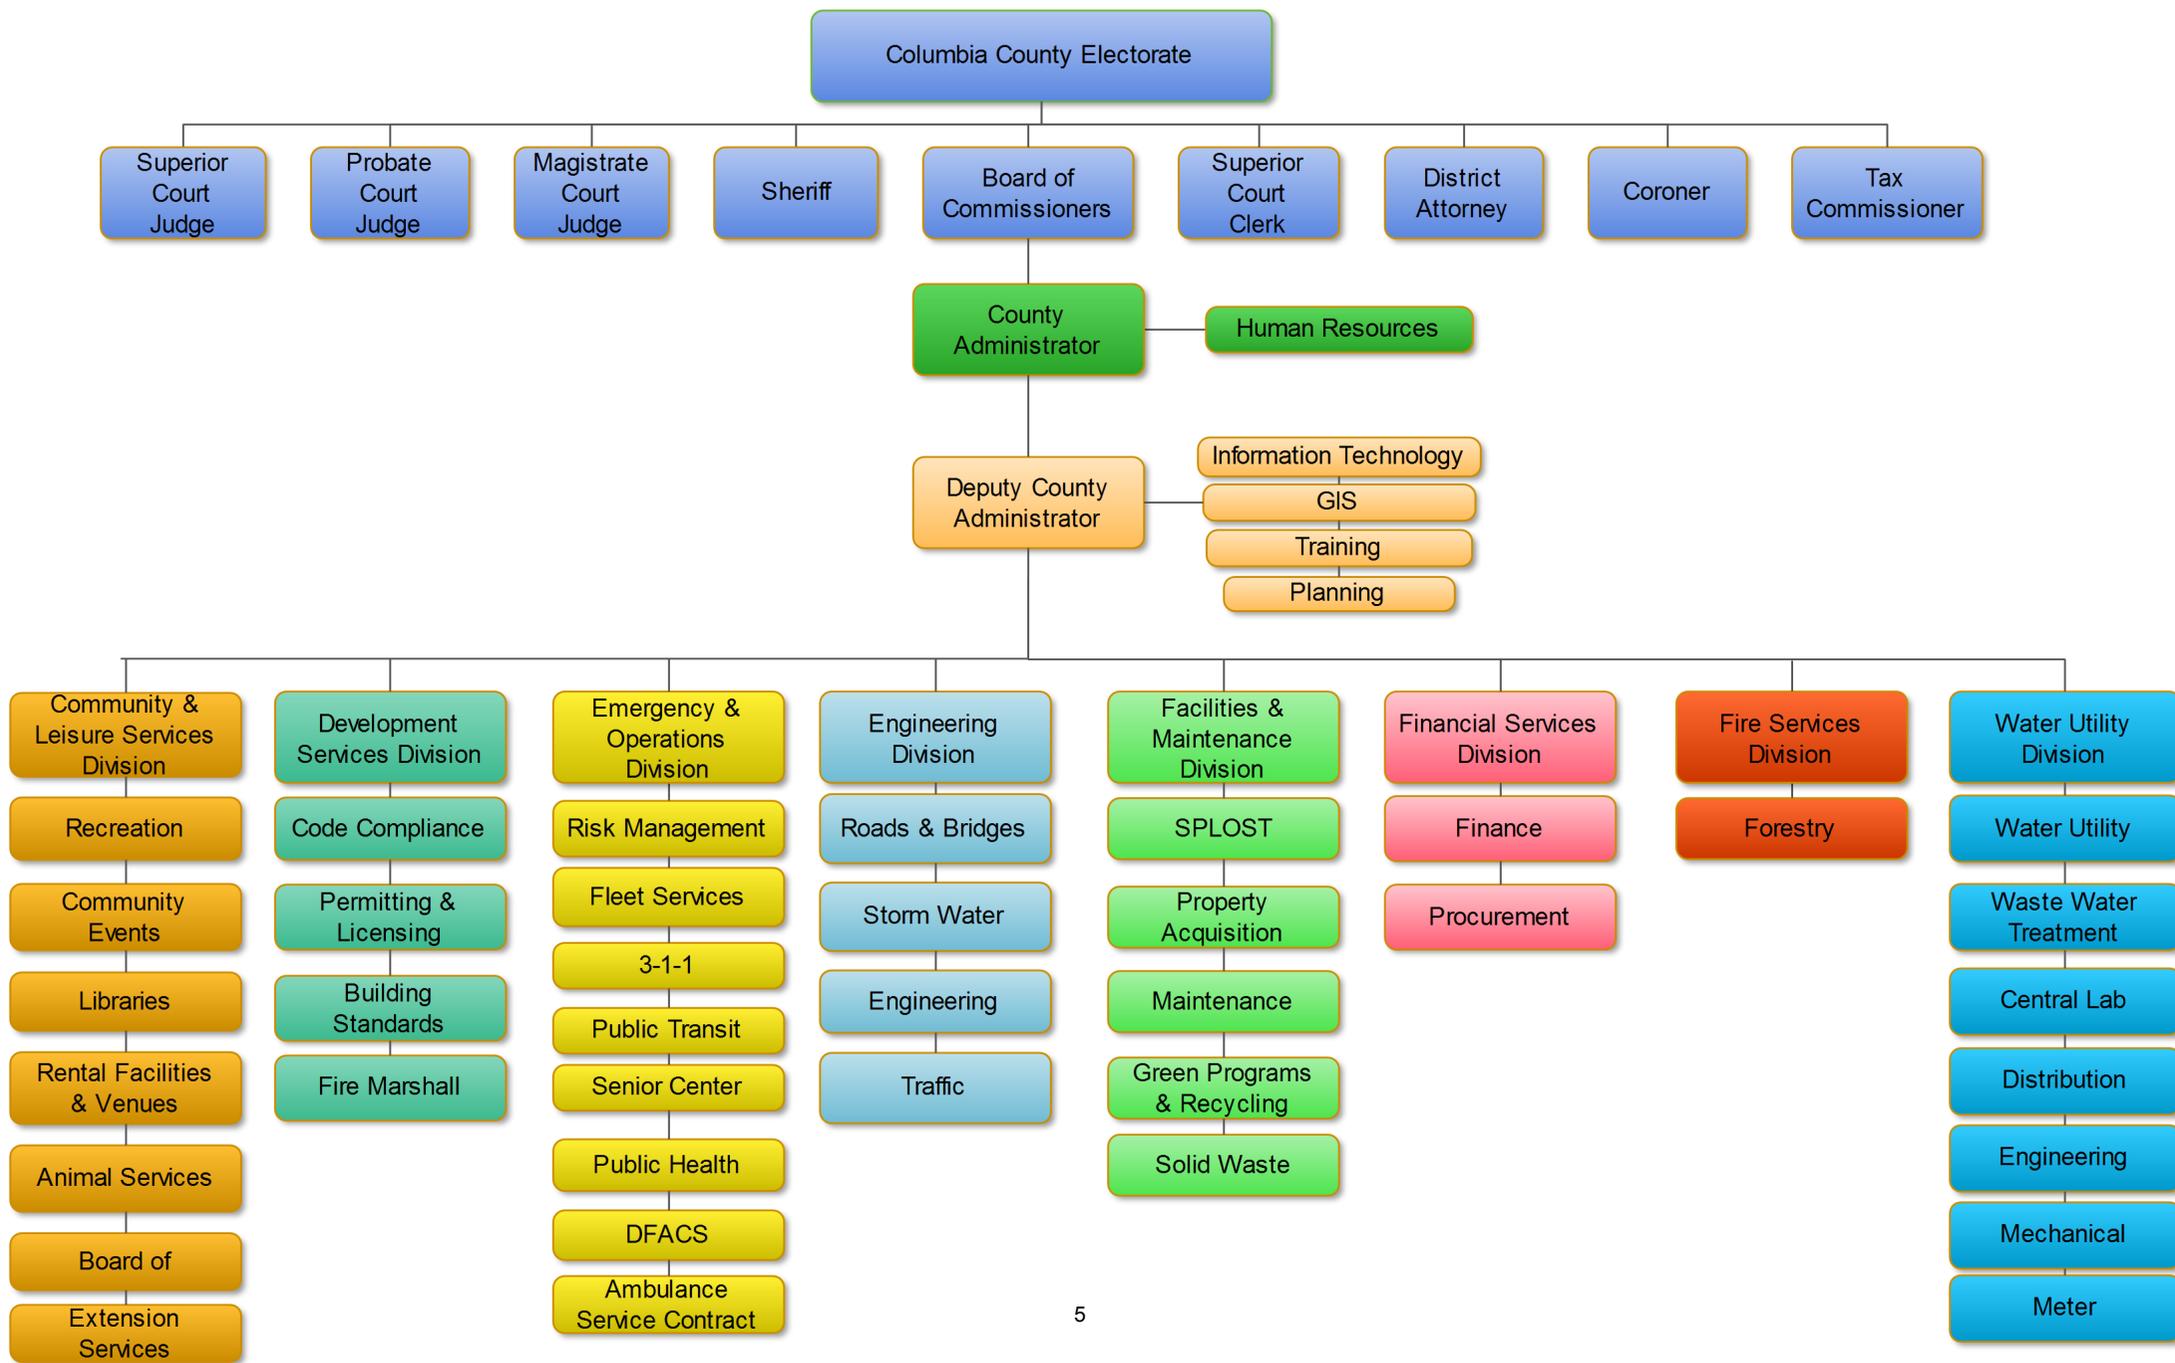

Values – To maintain the highest level of ethical and performance standards.

Pledge – We will serve as responsible stewards of public assets, interests, and trust.

FY 2014 PRIORITIES, OBJECTIVES, AND INITIATIVES

1. Balance budget with no reduction in services and no tax increase.
2. Continue marketing of towers/fiber in Broadband Utility.
3. Begin construction of the \$39 million Washington Road widening project.
4. Continue cost-savings initiatives such as the Management Review Team to reduce costs and promote projects/programs that increase sales tax so the County can become less dependent on property taxes.
5. Implement the regional T-SPLOST program which was approved in a referendum in July 2012 and became effective January 1, 2013.
6. Strive to complete all capital improvement projects funded by SPLOST and bonds on time and under budget.
7. Focus on development standards and infrastructure needs to support a growing population.
8. Begin the formation of the 17-22 SPLOST program by identifying specific projects and capital needs of the County.
9. Coordinate multiple major roadway projects funded by the TSPLOST.

RESOLUTION NO. 13-1056

**RESOLUTION OF THE BOARD OF COMMISSIONERS
OF COLUMBIA COUNTY, GEORGIA ADOPTING AN
ANNUAL BALANCED BUDGET FOR ALL FUNDS OF
COLUMBIA COUNTY, GEORGIA FOR FISCAL YEAR 2013/2014**

THIS RESOLUTION adopted by the Board of Commissioners of Columbia County, Georgia (the "Board").

WHEREAS, it is the duty of the Board to adopt and operate under an annual balanced budget for the general fund, each special revenue fund, and each debt service fund in use by the local government pursuant to Section 36-81-3(b)(1) of the Official Code of Georgia Annotated ("O.C.G.A."); and

WHEREAS, nothing shall preclude a local government from adopting a budget for any funds used by the local government in addition to those specifically identified, including enterprise funds and internal service funds; and

WHEREAS, the Board has determined the legal level of budgetary control to be the department level and has approved budgetary policies as outlined in Section 601.1 of the *Columbia County Comprehensive Policy Manual*; and

WHEREAS, a notice of a public hearing was published in the Columbia News Times, a newspaper of general circulation throughout Columbia County (the "Newspaper") at least one (1) week prior to the public hearing that was held on the proposed budget, which public hearing was held on May 7, 2013, at least one week prior to the meeting of the Board at which adoption of the budget resolution was considered, all as required by Section 36-81-5(f) and (g) O.C.G.A.; and

WHEREAS, a report of the proposed budget was published in the Newspaper at least one week prior to the adoption of this Resolution, as required by Section 36-81-6(a) O.C.G.A.

NOW, THEREFORE, BE IT RESOLVED by the Board and it is hereby resolved by authority of same as follows:

Section 1. Adoption of Annual Balanced Budget for Fiscal Year 2013/2014. The annual balanced budget for Fiscal Year 2013/2014 for all funds of Columbia County, GA, in the form attached hereto and made a part hereof as Attachment A is hereby adopted. Nothing shall preclude the Board from amending this budget so as to adapt to changing governmental needs during said Fiscal Year.

Section 2. Fiscal Year. The Fiscal Year for Columbia County, GA, shall be July 1, 2013 through June 30, 2014.

Section 3. Effective Date. This Resolution shall be effective upon its adoption.

PRESENTED TO

**Columbia County
Georgia**

For the Fiscal Year Beginning

July 1, 2012

Christopher P. Moivell

President

Jeffrey R. Brown

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Columbia County, Georgia, for its annual budget for the fiscal year beginning July 1, 2012. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

EXECUTIVE SUMMARY

Chairman and Members of the Board of Commissioners:

I am pleased to present to you the adopted budget for fiscal year 2014, which will begin July 1, 2013. At the budget reviews conducted by the oversight committees of the Columbia County Board of Commissioners, the County Administrator and staff were instructed to balance the budgets for all Columbia County funds with no property tax increase and no new programs unless authorized by the Board of Commissioners (BOC). The departments were asked to maintain services to our citizens, and the overall General Fund budget, at current levels. To accomplish this objective, all Elected Officials and Division Directors were asked to prepare their budgets using the zero-based method and to recommend measures to reduce expenditures and increase revenues. Through the cooperative effort of all involved, a budget for Columbia County is balanced for all funds for fiscal year 2014.

This budget provides funding to maintain current levels of service, with no change in the millage rate, while reducing operating costs and capital outlay where possible. The annual budget for all funds totals \$191,226,645, reflecting a net increase from the fiscal year 2013 adopted budget of \$7,244,087, or 3.94%. This net increase is primarily due to (1) the use of reserves in the General Fund in the amount of \$2 million to expense a portion of property that has been held for resale that will be used for County operations, (2) the use of reserves in the Storm Water Utility Fund in the amount of \$1.4 million to complete capital projects, and (3) an increase in health care costs in the Employee Medical Plan of \$1.1 million.

The General Fund budget, excluding the use of reserves, increased \$1.7 million from the fiscal year 2013 adopted budget, or 3.05%, primarily due to an increase in personnel costs of \$847,437, or 2.38%, and an increase in operating costs of \$416,731, or 2.30%. Other than the items mentioned above, no other significant changes occurred in the budget.

Budget Review

Prior to adoption, a series of budget work sessions and committee meetings were held with County staff and Elected Officials. The purpose of these work sessions and meetings was to allow input from staff and Elected Officials, promote communication among staff and Elected Officials, gain understanding regarding all budgetary issues, and to prioritize all budget requests. A public hearing was held on May 7, 2013, to allow the public an opportunity to address their concerns and priorities. The budget was adopted by the BOC on June 4, 2013, at its regularly scheduled meeting.

Highlights

- Total General Fund expenditures, excluding the use of fund balance, increased by 3.05% from the FY 2012/2013 adopted budget, including a contingency of \$1,290,158, or 2.29% of proposed expenditures.
- The increase in General Fund expenditures consists of an increase in personnel costs of 2.38%, an increase in new positions and promotions of 34.53%, an increase in operating expenditures of 2.30%, an increase in contingency of 19.97%, and an increase in capital requests of 14.13%.
- No interfund transfers were included for FY 2013/2014.
- New personnel requests within the General Fund consist of 11 new positions in the amount of \$311,046, reclassifications and promotions in the amount of \$67,773, a 35 day delay in replacement of vacancies for an anticipated savings of (\$200,000), no merit increase, funding for recommendations included within the 2013 salary study in the amount of \$15,000, and a 2.5% increase in medical rates in the amount of \$50,000. New hires are budgeted at a rate of “entry only” and are effective July 1, 2013, except for 4 positions which are effective January 1, 2014. The combined cost of these additional personnel and benefit requests is \$243,819.
- New personnel requests within other funds include 15 new positions in the amount of \$599,972 and reclassifications and promotions in the amount of \$19,185. The combined cost of these additional personnel requests is \$619,157.

- No merit increase will be budgeted until the tax digest is received and sales tax collections are further monitored. Any merit increase approved will be taken from Contingency.

Revenue Assumptions

- Growth in the property tax digest is projected to be 1.5%. Therefore, the budget was prepared and balanced using a 1.5% increase in property tax revenues. Any additional growth in the property tax revenues will be added to the contingency fund.
- The County has experienced an annualized decrease in local option sales tax revenues of 0.22% as of March 2013. However, the County has begun collecting the new Title Ad Valorem Tax and the new Excise Tax on Energy, beginning in April 2013 and May 2013, respectively. The average monthly collection for the LOST, currently \$1.4 million, was used in preparing and balancing the budget.

Expenditure/Revenue Adjustments

Georgia House Bill 386 became effective on January 1, 2013. This legislation removed the sales and use tax on the purchase of motor vehicles and the annual ad valorem tax on the same motor vehicles and replaced these taxes with a one-time title ad valorem tax paid every time the ownership of a vehicle is transferred beginning March 1, 2013.

This legislation also enacted a sales and use tax exemption for energy used in the manufacturing process which phases out the state and local sales tax on energy. HB 386 authorizes counties to levy, by county ordinance, a new local excise tax on energy designed to recoup the local revenues lost as a result of the exemption. The County adopted Ordinance 13-02 effective April 2, 2013, to impose such an excise tax on the sale, use, storage, or consumption of energy. Both of these revenues are accounted for within the General Fund with no restrictions, unlike some sales taxes. The County may choose to transfer a portion of these revenues to its SPLOST account, but is not required to do so.

The County began collecting the new Title Ad Valorem Tax and the new Excise Tax on Energy, beginning in April 2013 and May 2013, respectively. Because of the uncertainty of the collection amounts of these new taxes, no funds were included in the FY 2014 budget. The budget will be amended during the year as necessary.

Fund Balance

Fund Balance within the General Fund as of June 30, 2012, totaled \$32.5 million. Of this total, \$6 million was assigned for risk management (\$1 million), interfund transfers (\$3.5 million) and economic development incentives (\$1.5 million).

Also included within the total fund balance was a minimum fund balance requirement of \$15.3 million, or 100 days of operations, and nonspendable fund balance of \$6.5 million. Total fund balance as of June 30, 2012, including the above mentioned items, equated to 214.73 days of operations.

During FY 2013, the County advanced an additional \$2 million to the Broadband Utility, for a total advance of \$3 million, to cover the current deficit expected to be repaid with user fees once the utility is fully operational. This advance is included as nonspendable fund balance and reduced the assignment for interfund transfers to \$1.5 million. The County projects to add approximately \$1.5 million to fund balance as of June 30, 2013. Due to an increase in the FY 2014 budget, the minimum fund balance requirement will be increased to \$15.5 million to maintain 100 days of operations. With these changes, total fund balance within the General Fund as of June 30, 2013, is expected to be \$34 million, or 220.5 days of operations.

During FY 2011, the County purchased property known as the “Marshall Square Property” for \$6.25 million from fund balance. This property is being held for resale or development and was included as nonspendable fund balance as of June 30, 2013. Funds from the sale or development of this property will be used to replenish fund balance. During FY 2014, the County plans to expense a portion of the property in the amount of \$2 million that will be maintained and used for County operations.

Issues for Future Consideration

- Continuation of the Management Review Team for position vacancies – A 35 day delay in the replacement of vacancies has been included in the budget. Budgeted savings for fiscal year 2013 were \$232,000. Actual savings as of June 30, 2013, were \$405,101. This is due to the establishment of a management review team which analyzes all position vacancies to determine if replacement is necessary. Staff has utilized such management tools as division restructuring, function reassignment, attrition, and elimination of positions to achieve savings. Budgeted savings for fiscal year 2013 are \$200,000.
- Using Special Purpose Local Option Sales Tax (SPLOST) for debt service – Included within the 2011/2016 Capital Improvements Plan was the use of \$20.2 million of SPLOST to reduce existing general obligation debt used to fund the Justice Center and Detention Center. Based on the 2013 digest with a millage rate for debt service of only 0.154 mills, approximately \$6.3 million will be needed from other sources to make FY 2014 bond payments. The other sources available for debt service are the General Fund Fund Balance (GFFB), excess proceeds from the 2007 General Obligation Bond, and 2011/2016 SPLOST proceeds.

For FY 2014, the County plans to use approximately \$500,000 in excess 2007 GO Bond funds and \$5.8 million from 11/16 SPLOST collections to make FY 2014 bond payments.

Staff currently proposes the following strategy for future bond payments:

1. Use available SPLOST funds, excess 2007 GO Bond funds, and available GFFB for FY 2014 – 2017.
 2. Include the remaining payoff of the 2007 GO Bond within the next SPLOST program.
- TSPLOST – On July 31, 2012, the Transportation Improvement Act of 2010 was approved in the Central Savannah River Region, which includes Columbia County. The Act, as originated by the Georgia General Assembly, allows the various state regions to compile a list of transportation projects to be funded by a 1% sales tax. Two categories of projects are included: Constrained Projects and Discretionary Projects. The “constrained projects” must be completed with the monies collected, which are projected to be \$210 million for Columbia County and \$650 million for the entire region. These projects will be funded on a reimbursement basis. The County will receive approximately \$1.5 million per year for county “discretionary projects”. These funds will be received in advance on a monthly basis. This tax became effective January 1, 2013.

The process of preparing, recommending, and adopting a balanced budget is always a challenging task for staff and Elected Officials. Your support and direction throughout the budget process are greatly appreciated.

Respectfully submitted,

Leanne C. Reece, CPA
Director of Financial Services

BUDGET PROCESS AND PRESENTATION

The budget document is divided into three sections:

- Introduction/Executive Summary - contains the budget message, budget calendar, financial policies and procedures, and financial summaries of revenues and expenditures/expenses for all funds.
- Operating Funds - provides revenue and expenditure/expense detail for operating funds.
- Capital Funds – provides revenue and expenditure detail for capital funds
- Departmental Information – includes department descriptions, missions, goals, and performance measures.

PROFILE OF THE GOVERNMENT

Columbia County, established in 1790 and named in honor of Christopher Columbus, is located in the Central Savannah River Area of Georgia approximately 135 miles east of Atlanta and five miles northwest of Augusta/Richmond County. The 290 square mile county is bounded on the north by Thurmond Lake and the Savannah River (separating Columbia County from Lincoln County, Georgia, and McCormick and Edgefield Counties, South Carolina), on the south and east by Augusta/Richmond County, and on the west by McDuffie County.

A five-member Board of Commission governs Columbia County. The Board is comprised of one chairman, elected county wide, and four commissioners, each elected from a separate commission district serving four year staggered terms. A County Administrator, who is appointed by and responsible to the Board, directs the daily operation of the County. Services provided to the approximately 120,000 residents include: public safety (Sheriff's Office, detention center, E911, fire), emergency services, community services, public works, planning and development, and other general governmental services. The County also provides water, sewer, and storm water services to the public.

THE BUDGET PROCESS

The County's fiscal year (FY) is July 1 – June 30. Preparation of the annual budget begins with each department and constitutional office being provided a budget preparation package. This package includes a message from the Chairman of the Board of Commission, the proposed budget calendar, and specific account information necessary to complete the budget requests.

The Annual Budget is a fiscal plan that presents the services that will be provided to the community and the funds needed to perform these services. The type of service and the level of service will be defined by the use of program objectives and citizen requests, which are further evaluated with the use of performance measures. The County Administrator is responsible for

formulating the fiscal plan and presenting it to the Board of Commissioners for approval and adoption.

The public hearings/meetings held throughout the budget process are considered to be an essential part of the budget process as they are designed to solicit feedback from citizens on County operations and services. Please refer to the budget calendar included within this introduction for a list of all public meetings that were held.

The legal level of budgetary control is the department level. Unexpended appropriations at the end of the fiscal year shall lapse into the fund balance. Those amounts cannot be spent unless re-appropriated in the next fiscal year's budget. The operating budgets originally adopted may be amended throughout the year as presented below:

1. Transfers within departments, except salary line items, \$5,000 or less may be authorized by the Finance Director.
2. Transfers within departments, except salary line items, in excess of \$5,000 may be authorized by the County Administrator.
3. Transfers between departments or funds shall be by authority of the Board.
4. Increase or decrease in the total fund appropriation shall be by authority of the Board.
5. Increase or decrease in salary appropriation within any department shall be by authority of the Board.
6. Appropriation of fund balances in excess of established reserve requirements shall be by authority of the Board.
7. Items 3 - 7 above must be reviewed by the Management and Financial Services Committee.

The adopted budget will be available at the County Administrator's Office, the Finance Office, and on the County's website at www.columbiacountyga.gov.

BUDGET PRESENTATION

As a means of tracking and accounting for money, the operations of the County are divided into funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Funds focus on the activities of the individual parts of the County government. Money comes into a fund from a variety of sources and is then used to provide services to the public. Within funds are functions (i.e., General Government, Judicial, Public Safety, Recreation) and within functions are departments. Each of these departments facilitates the tracking of costs and effectiveness of services provided to the public. Within departments are accounts or line items. These are the basic units of measurement in the budget and make it possible to determine costs of specific programs.

By law, the budget for each fund must be balanced. In other words, budgeted revenues must equal budgeted expenditures. The County cannot plan to spend more than it will receive. The County has multiple funds, the largest being the General Fund which accounts for most services. The County adopts annual budgets for all funds except capital projects funds and trust and agency funds. The following is a list of the County's fund types and an explanation of the purpose for each individual fund.

The County reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the County. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, local option sales taxes, and various other taxes and licenses. The primary expenditures are for general government, the judicial system, public safety, and street maintenance and improvements.

Special Local Option Sales Tax Fund 2006-2010 – This Capital Projects Fund accounts for the property acquisition and construction of projects designated to be funded by revenue from the special purpose local option sales tax collected during 2006 through 2010.

2009 Capital Improvements Projects Fund – This Capital Projects Fund accounts for the property acquisition and construction of projects to be funded with proceeds received from the issuance of the 2009 General Obligation Bonds and revenue from the 2011/2016 SPLOST.

The County reports the following nonmajor governmental funds:

Building Standards Fund - to account for building permits and inspection fees.

Library Board Fund - to account for the activity of the Columbia County Library Board.

Recreation Advisory Board Fund - to account for various projects sponsored by the Recreation Advisory Board to raise funds for recreation equipment.

Street Lights Fund - to account for the street light assessments used for maintenance of street lights in certain subdivisions.

911 Fund - to account for the 911 fees assessed on landline and cellular telephones used for the maintenance and operations of the 911 service.

Drug Court Fund - to account for grants, donations, and participant fees associated with drug testing, counseling, and treatment services for substance abuse intervention.

Drug Abuse Treatment Fund - to account for fines charged by the County to be used for drug abuse treatment and prevention.

Supplemental Juvenile Services Fund - to account for fines charged to juvenile offenders to be used for juvenile services.

Jail Fund - to account for fines charged by the County to be used for jail improvements.

Federal Asset Sharing Fund - to account for assets seized or confiscated by federal courts.

State Condemnation Fund - to account for assets seized or confiscated by state courts.

Lodging Tax Fund - to account for hotel/motel tax collections, pursuant to OCGA 48-13-50 et seq.

Multiple Grant Fund - to account for all grants not meeting the 2% materiality test (projected expenditures do not exceed 2% of the General Fund's budgeted total operating expenditures), and not used to finance General Fund operations.

Fire Services Fund - to account for taxes collected in special service districts within the unincorporated area for the purpose of providing fire services.

Sheriff's Gift/Donations Fund - to account for funds donated to the Sheriff's office from external persons or entities.

Insurance Premium Tax Fund - to account for services funded by insurance premium taxes, pursuant to OCGA 33-8-8.3 et seq.

Community Events Fund - to account for special events funded by sponsor fees and ticket sales.

Georgia Superior Court Clerks' Cooperative Authority Fund - to account for funds mandated to be used to administer a statewide index for real estate and personal property records, pursuant to OCGA 15-6-94.

Law Library Fund – to account for the activity of the Columbia County Law Library.

Special Local Option Sales Tax Fund 2001-2005 - to account for the property acquisition and construction of projects designated to be funded by revenue from the special purpose local option sales tax collected during 2001 through 2005.

2007 General Obligation Bond Fund – to account for the property acquisition and construction of projects to be funded with proceeds received from the issuance of the 2007B Various Purpose General Obligation Bonds.

TSPLOST Fund - to account for the property acquisition and construction of transportation projects to be funded by sales tax revenue received from the Transportation Improvement Act of 2010.

Debt Service Fund - 2007 General Obligation Bond - to account for property tax funds designated to be used for principal and interest payments on governmental fund debt, specifically the 2007 General Obligation Bonds.

Debt Service Fund – 2009 General Obligation Bond - to account for special purpose local option sales tax funds designated to be used for principal and interest payments on governmental fund debt, specifically the 2009 General Obligation Bonds.

The County reports the following major enterprise fund:

Water and Sewerage Fund - to account for water and sewer operations as well as construction and maintenance of water and sewerage projects.

The County reports the following nonmajor enterprise funds:

Storm Water Utility Fund – to account for the cost of providing storm water management services and maintaining and improving the County's storm water infrastructure.

Solid Waste Management Fund - to account for the cost of operating and maintaining the landfill facility.

Columbia County Broadband Utility - to account for the construction and operation of the Broadband Utility.

Rental Facilities Fund - to account for the operations and maintenance of all County rental facilities and revenues and expenses associated with promoting and executing events within the County.

Additionally, the County reports the following Internal Service Funds to account for operations that provide services to other departments or agencies of the government on a cost-reimbursement basis:

Employee Medical Fund - to account for employer and employee contributions to the County's medical plan.

Risk Management Fund - to account for the County's risk management program.

Customer Service/Information Center Fund - to account for operations of the County's customer service/information center.

Fleet Replacement Fund – to account for the County's vehicle/equipment replacement program.

BASIS OF ACCOUNTING AND BUDGETING

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the general fund, special revenue funds, and debt service funds. The County adopts a project length budget for each capital project fund.

Beginning with fiscal year 2003, the County follows Statement No. 34 of the Governmental Accounting Standards Board. This statement substantially changes the financial reporting model for governments. In addition to the fund financial statements, government wide statements (including all funds) are presented on the full accrual basis of accounting along with reconciliation to the fund financial statements. The individual funds, however, will continue to be maintained on the traditional basis of accounting depending on the fund type.

Governmental funds are maintained on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when they become measurable and available to pay liabilities of the current period. Revenues not considered available are recorded as deferred revenues. Expenditures are recorded when the liability is incurred. The focus of accounting is on current financial resources.

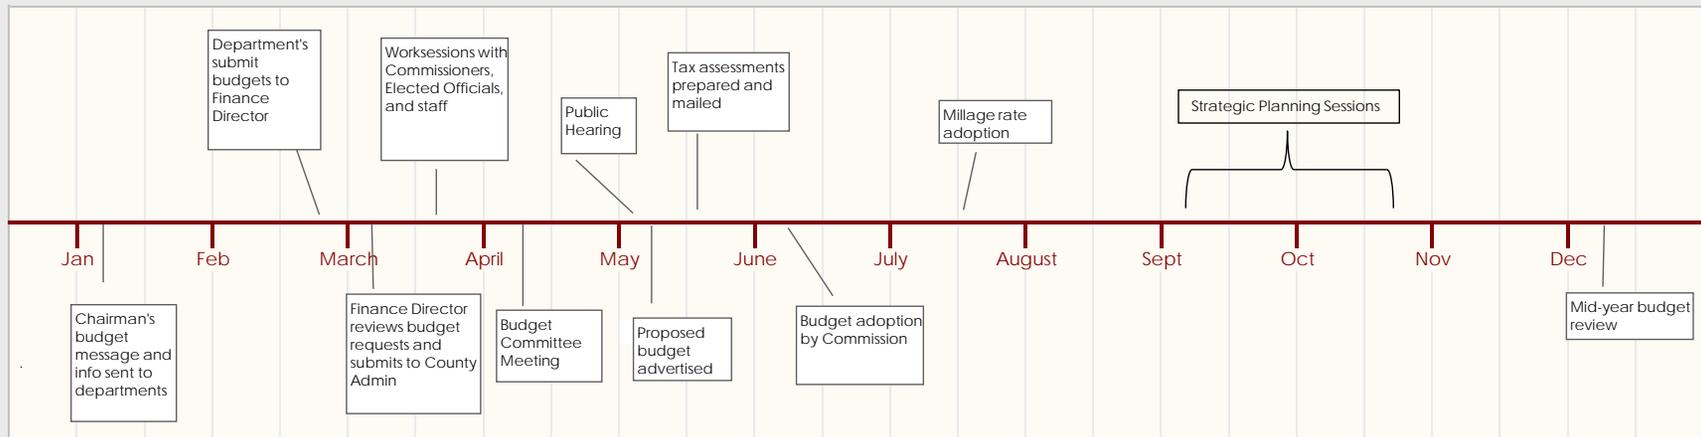

Proprietary funds (enterprise funds and internal service funds) are maintained using the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time goods or services have been received. The focus of accounting for these funds is on determination of income.

Columbia County, GA Fund Structure

POLICIES AND PROCEDURES

FINANCIAL POLICIES AND PROCEDURES

INTRODUCTION

The Board of Commissioners (the Board) and staff of Columbia County (the County) recognize the desirability of stated financial policies to assist in meeting the County government's basic objectives:

1. The policies will assist the County in the objective of being publicly accountable and assist users of the financial statement to assess that accountability.
2. The policies will assist in meeting and evaluating the operating results of County government.
3. The policies will assist in determining the level of services that can be provided, the cost of services, and the County's ability to provide those services.

The County recognizes that the process of developing policies and supporting procedures to implement the policies is a dynamic process that must be continually reviewed. Accordingly, the County expects these policies to become a significant part of its system of Internal Control and provide the following benefits:

1. Reduce misunderstanding, duplication of effort, errors and inefficiency.
2. Provide a comprehensive, consistent methodology for similar transactions.
3. Insure the use of proper, accurate, and timely financial information.
4. Provide training to new or inexperienced employees to insure uniform, consistent application of policies.
5. Provide a basic framework for a system of internal control.
6. Provide a fixed point of reference for those who wish to evaluate the County's operations and financial reporting.
7. Reduce or eliminate informal policies now in existence.
8. Provide a framework for planning for emergencies.
9. Improve the credibility of the County with Citizens through demonstration of prudent stewardship of public assets.

RESERVE POLICIES

The accumulation of reserves protects the County from uncontrollable increases in expenditures, extraordinary losses, unforeseen reductions in revenues, or a combination of these items. It also allows for prudent replacement and financing of capital construction and replacement projects. The County implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of fiscal year ended June 30, 2011. This new standard changed the overall definitions and classifications of governmental fund balances.

Fund equity in the governmental fund financial statements is classified as fund balance. Generally, fund balance represents the difference between current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Classifications are as follows:

1. Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
2. Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.
3. Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board through the adoption of a formal policy. Only the Board may modify or rescind the commitment.
4. Assigned – Fund balances are reported as assigned when amounts are constrained by the Board’s intent to be used for specific purposes, but are neither restricted nor committed. Through policy, authorization to assign fund balance remains with the Board.
5. Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance in the general fund only. Negative unassigned fund balances may be reported in all governmental funds.

FLOW ASSUMPTIONS

When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, the County shall use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, the County shall use fund balance in the following order:

- Committed
- Assigned
- Unassigned

MINIMUM FUND BALANCE

The County shall maintain a General Fund unassigned fund balance of 100 days of operations. This minimum fund balance, which may only be used as required by authority of the Board, is to provide for operating contingencies in either revenues or expenditures, and to provide adequate funds to operate without short-term borrowing. To determine the current funding level divide the current unassigned fund balance by the result obtained from dividing the annual fund budget by 365 days. In the event the unassigned fund balance falls below the minimum level of 100 days of

operations, the County Administrator will present a plan to the Board as part of the subsequent fiscal year’s annual budget to replenish the fund balance to the established minimum level in a reasonable time frame, generally 1 to 3 years. Budget surpluses will first be used towards replenishment, followed by the use of non-recurring revenues.

CONTINGENCY

A contingency amount shall be appropriated annually as part of the budget within the General Fund, and other funds as deemed necessary, and shall be used for paying unexpected or unanticipated expenditures of an operational nature during the fiscal year. Within the General Fund, this amount should approximate one to two percent of the General Fund budget.

CRITERIA

The following criteria shall be used in determining the total amount of fund balance to maintain, unless otherwise specified by legal or contractual requirements.

Category	Days of Operations	Description
Minimum Fund Balance	100	Use funds for unforeseen contingencies
BOC Assignments	101-180	May use funds for one-time expenses such as capital acquisition, catastrophic events, one-time transfers to other funds, economic incentives, debt reduction, or millage rate reduction to mitigate unforeseen risks and ensure financial stability
Debt/Tax Reduction	181+	Must use funds to reduce debt or designate for future debt service, or to prevent future tax increases or to permit millage rate reduction

INTERNAL CONTROLS

Management of the County is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control

process is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As part of the County's annual single audit, required in conformity with provisions of the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, tests are made to determine the adequacy of the internal control structure including that portion relating to federal financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations.

CASH MANAGEMENT AND INVESTMENT

While any investment instrument or decision carries certain elements of risk, numerous safeguards are available to minimize the risk while generating a market rate of return. Columbia County seeks to obtain market rates of return on its investments consistent with constraints imposed by its safety objectives, cash flow considerations, and Georgia state laws. Safety of principal is the foremost objective. Each investment transaction shall first seek to ensure that capital losses are avoided, whether they are from defaults or erosion of market value.

Idle funds are invested primarily in obligations of the State of Georgia and other states; obligations issued, fully insured, or guaranteed by the United States; collateralized certificates of deposit; and the State of Georgia Local Government Investment Pool. The County strives to maximize investment income while minimizing risk and maintaining liquidity sufficient to cover cash operating requirements. The County utilizes various forms of investment instruments to avoid incurring unreasonable risks inherent in the lack of diversification in specific instruments, individual financial institutions, or maturities. Investment maturities are scheduled to coincide with projected cash flow needs, taking into account large routine scheduled expenditures, as well as considering unanticipated revenues and expenditures.

Investment income includes appreciation in the fair value of investments. Increases in fair value during the current year, however, do not necessarily represent trends that will continue; nor is it always possible to realize such amounts, especially in the case of temporary changes in the fair value of investments that the government intends to hold to maturity.

Permitted Investment Instruments

1. Obligations of the United States and of its agencies and instrumentalities;
2. Bonds or certificates of indebtedness of this state and of its agencies and instrumentalities;
3. Certificates of deposit of banks which have deposits insured by the Federal Deposit Insurance Corporation (FDIC); provided, however, that that portion of such certificates of deposit in excess of the amount insured by the FDIC shall be secured by direct obligations of this state or the United States which are of a par value equal to that portion of such certificates of deposit which would be

uninsured.

4. The State of Georgia Local Government Investment Pool as established by OCGA 36-83-8.

Competitive Selection of Investment Instruments

1. At least three quotes shall be received for the investment of all surplus funds except those placed in overnight repurchase agreements as authorized in the master repurchase agreement incorporated into the depository banking services contract. If a specific maturity date is required, then quotes will be requested for instruments which meet the maturity requirement. If no specific maturity (within time limitations) is required, then a market trend (yield curve) analysis will be conducted to determine which maturities would be most advantageous.
2. Quotes will be requested from qualified financial institutions for various options with regard to term and instrument. The County will accept the quote which provides the highest rate of return within the maturity required and within the parameters of this policy.
3. Records will be kept of the quotes offered, the quotes accepted, and a brief explanation of the decision made regarding the investment instrument. These records will be kept until completion of the County's annual audit.

Portfolio Diversification

1. Prudent investing necessitates that a portfolio be diversified as to instrument and purchasing source. The following guidelines represent maximum limits established for diversification by instrument.
 - U.S. Treasury Obligations..... 100%
 - U.S. Government Agency Securities and Securities Issued by Instrumentalities of Government Sponsored Corporations..... 50%
 - Local Government Investment Pools..... 100%
 - Certificates of Deposit 75%
 - Obligations of the State of Georgia.....50%
 - Obligations of other agencies or instrumentalities of the State of Georgia 25%

2. No more than 50% of the entire portfolio may be placed with any one bank or security dealer.

Outsourcing Investment Decisions

The Committee may recommend and the Board may approve an investment firm to execute the provisions of this section with the Committee maintaining oversight responsibility and veto authority of the investment firm's activities.

RISK MANAGEMENT

The purpose of the Columbia County risk management program is to minimize the financial burden incurred by the County as a result of work-related injuries, loss of County property, and damages which may be incurred by third parties. The County has elected to utilize coverages provided by the Association County Commissioners of Georgia Interlocal Risk Management Agency (ACCG-IRMA) and the Association County Commissioners of Georgia Group Self-Insured Workers' Compensation Fund (ACCG-GSIWCF). The County continues to maintain self-insured retention levels of \$100,000 per occurrence and \$250,000 per occurrence in the ACCG-IRMA and ACCG-GSIWCF programs, respectively. An Internal Service Fund is used to account for costs associated with risk management, with the exception of workers' compensation, which continues to be accounted for within the General Fund. Reserves are being accumulated in both funds to meet potential losses. As reserves increase, retention levels may be increased, reducing the annual cost of coverage.

Management remains committed to a safe working environment. Employee education and training enhance and supplement ongoing efforts to maintain a safe and healthy environment for all County employees. Training classes, such as CPR and first aid, defensive driving, self defense, workplace violence, and office ergonomics, are made available for all County employees.

CAPITAL ASSETS

Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. This minimum capitalization cost is applicable for all categories of capital assets. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. General infrastructure assets acquired prior to July 1, 2002, consist of the streets network that was acquired or that received substantial improvements subsequent to July 1, 1980. The streets network is reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are expensed as incurred.

Depreciation is computed using the straight-line method. A summary of the estimated useful lives is as follows:

Vehicles	3 to 8 years
Furniture and fixtures	3 to 8 years
Machinery and equipment	5 to 10 years
Utility plant and distribution systems	10 to 50 years
Storm water systems	10 to 50 years
Land improvements	10 to 50 years
Buildings and improvements	10 to 50 years
Donated subdivisions	25 to 75 years
Infrastructure	25 to 75 years

CAPITAL BUDGETING

The County shall maintain its physical assets at a level adequate to protect the County's capital investment and to minimize future maintenance and replacement costs. The budget shall provide for the adequate maintenance and the orderly replacement of the capital plant and equipment from current revenues where possible.

1. The County shall develop a multi-year plan for capital improvements, update it annually, and make capital improvements in accordance with the plan.
2. The County shall adopt a long-term funding mechanism for capital projects. The operating funds to maintain capital projects shall be identified prior to the decision to undertake the projects.
3. The capital improvements plan shall include a plan to address fleet management acquisition and replacement and equipment acquisition and replacement.
4. An appropriate priority mechanism shall be used in all County capital budgeting. This budget shall be approved by the Committee for submission to the Board for final approval.

Capital improvements generally fall into several different categories. Project categories, along with their funding sources, include:

1. Capital expenditures relating to normal replacement of worn or obsolete capital equipment or facilities will be financed on a pay-as-you-go basis, with debt financing considered only as appropriate.
2. Capital expenditures relating to the construction of new or expanded facilities necessitated by growth will be financed primarily on a pay-as-you-go basis. When the new improvements can be determined to benefit the population in the future, debt financing may be appropriate.

3. Capital expenditures which will significantly reduce the cost of operations or future capital cost must be evaluated to demonstrate a positive new present value.
4. Capital expenditures are allowed for improvements that enhance the quality of life in the County and are consistent with the County's goals even though they cannot be categorized as essential for the provision of basic services. The policy relating to unusual capital expenditures directs the County to look to the ultimate beneficiary of each capital improvement in order to determine the source of funding.

COMPENSATED ABSENCES

The County's policy is to permit employees to accumulate earned but unused leave benefits. The County's government-wide and proprietary funds include an accrual for the estimated compensation costs attributable to employee earned but unused leave benefits.

DEBT MANAGEMENT

Columbia County continues to maintain strong bond ratings with the major credit rating services. In August 2010, the Government prepared comprehensive presentations for Fitch IBCA, Standard & Poor's, and Moody's Investors Service rating agencies in an effort to upgrade the current uninsured ratings applied to the Government's general obligation bonds and water and sewerage revenue bonds in anticipation of issuing approximately \$60 million in water and sewerage revenue bonds. The Government received an upgrade from Fitch to AAA from AA and an upgrade from Moody's Investor Services to Aa1 from Aa2 and maintains a rating of AA+ from Standard and Poor's for the general obligation debt. The Government received upgrades from all three rating agencies for the water and sewerage debt. Standard and Poor's upgraded from AA to AA+, Fitch upgraded from AA- to AA+, and Moody's Investor Services upgraded from Aa3 to Aa2. These high ratings are a primary factor in keeping interest costs low on the Government's outstanding debt.

The County will continue to follow prudent fiscal policies and practices in order to maintain its strong credit rating:

1. The County shall develop adequate reserves to avoid the necessity of short-term borrowing to finance operating needs. In the interim, financing in anticipation of a definite fixed source of revenue, such as Tax Anticipation Notes, is acceptable.
2. The issuance of long-term debt shall be limited to capital improvements or projects which cannot be financed from current revenues or resources. Current resources are defined as that portion of fund balance in excess of required reserves.

3. Every effort shall be made to limit the long-term debt maturity schedule to no longer than the estimated useful life of the capital projects or improvements being financed.
4. When the County utilizes either long-term or short-term debt it shall insure that the debt is financed soundly by:
 - a. Conservatively projecting the revenue sources which will repay the debt.
 - b. Financing the improvement over a period not greater than the useful life of the improvement for long-term debt, or December 31st of the calendar year for short-term debt.
 - c. Determining that the cost benefit of the improvement, including interest and any other costs, is positive.
5. The County shall limit the total of its general obligation long-term borrowing to 10% of its net assessed property value. Short-term borrowing shall be limited to 75% of the source of revenue expected to repay the loan.
6. Capital leases may be used to finance equipment purchases when the total cost of the equipment purchases exceed 3% of the budget for the fund in which they originate.
7. The County shall maintain a Debt Service Fund which is equivalent to the amount of general obligation debt maturing in the subsequent year.
8. Whenever possible the County will finance capital projects by using self-supporting revenue bonds since revenue bonds assure the greatest degree of equity because those who benefit from a project and those who pay for a project are most closely matched.
9. General obligation debt shall not be used for enterprise activities.
10. Full and continuing disclosure will be provided in the general financial statements and bond representations.
11. Annual budget appropriations shall include debt service payments and reserve requirements for all long-term debt currently outstanding.
12. Long-term borrowing will be incorporated into the County's capital improvement plan as necessary.

TRAVEL AND TRAINING

The County encourages and coordinates training opportunities for employees in order that services rendered to the County will be more efficient and effective. As addressed by this policy, training is defined as any work related program, seminar, conference, convention, course or workshop attended by an employee whose tuition and expenses are funded in whole or in part by the County or while the employee is in a paid status with the County. All travel and training for employees of the County must be approved by the department manager or division director. A *Certificate of Attendance* or other documentation shall be provided to Human Resources in order

to maintain an employee training history and to periodically audit training attendance and policy compliance. Authorized travel expenses include, but are not limited to:

1. Registration fees.
2. Lodging expenses.
3. Meals incurred during overnight lodging and for certain circumstances when there is no overnight lodging.
4. Mileage for use of personal vehicle (except travel between their place of residence and their official headquarters, or personal mileage incurred while on travel status).
5. Parking fees.

Non-allowable expenses include:

1. Laundry services.
2. Tobacco
3. Alcoholic beverages.
4. Entertainment.
5. Personal telephone calls
6. Meals and lodging in lieu of other meals and/or lodging the expense of which is included in the registration fee.
7. Expenses of a spouse or other non-employee.

Travel Expense Reimbursement

1. Employees traveling overnight may be reimbursed for meals on a per diem in accordance with the US General Services Administration's Domestic Per Diem Rates. This will be published annually by the Finance Department.
2. Per Diem rates are based on the length of day which an employee is officially on travel status. Generally, employees who travel overnight should not be reimbursed for three full meals on the day of departure or return. The following guidelines apply to reimbursement of meal expenses for these days:
 - a. Employees may only be reimbursed for the meals purchased while officially on travel status.
 - b. Employees who depart for an overnight trip prior to 6:30 AM are entitled to reimbursement for breakfast expenses, provided an expense was incurred.
 - c. Employees who return from an overnight trip later than 7:30 PM are entitled to reimbursement for dinner expenses, provided an expense was incurred.
3. Employees who are required to travel and do not stay overnight may be reimbursed for certain meal expenses under the following situations:

- a. Employees may be reimbursed for a noon meal not associated with overnight lodging if the meal is a scheduled part of a meeting or training session. Reimbursement is only authorized however, if the meeting or training was previously approved by the Department Manager, equaled or exceeded six hours in length, and was held more than 25 miles from the employee's office.
 - b. Employees who are more than 25 miles away from the office on a work assignment and (1) depart prior to 6:30 AM are entitled to reimbursement for breakfast expenses and/or (2) return later than 7:30 PM are entitled to reimbursement for dinner expenses.
4. Partial day per diem will be provided as follows:
 - a. Breakfast – 20% of the full per diem rate
 - b. Lunch – 30% of the full per diem rate
 - c. Dinner – 50% of the full per diem rate
5. Rooms, lodging, or accommodations furnished to government employees traveling on official business within the State of Georgia should be exempt from hotel/motel tax. Tax exemption forms, available in the Finance Department, should be tendered to the establishment to prove eligibility.
6. Mileage reimbursement rates and auto allowances for personal cars used while conducting official County business will be in accordance with the Internal Revenue Service mileage reimbursement allowances. This will be published annually by the Finance Department. This allowance includes the cost of depreciation, maintenance and repairs, gasoline, oil, insurance and vehicle registration fees. Therefore, if an employee is reimbursed using the mileage reimbursement rate or auto allowance, then no reimbursement will be given for actual operating expenses.
7. Employees with auto allowances may be reimbursed for actual miles driven only if travel is on official business in excess of a 25 mile radius of the County.
8. Receipts are required for all expenses except
 - a. Meals under a per diem basis
 - b. Miscellaneous expenses up to a maximum of \$10.00/day (Unless otherwise supported by a receipt.)
 - c. Reimbursement will not be made for any other unsupported expenses.
 - d. Although receipts are not required, an *Employee Expense Report* should be submitted to account for these expenditures. These reports are necessary to account for the funds expended and to ensure authorized use.
9. *Employee Expense Reports* should be completed by the employee and approved by the employee's immediate supervisor or designee, and filed with the Finance Department within 14 days after travel/training is completed, regardless of whether or not reimbursement is due.

- a. Expense reports for any employee reporting directly to the Board, including the County Administrator, the County Clerk, and the County Attorney, must be approved by the Chairman of the Board. Expense reports for Commissioners must be reviewed by the Finance Director. Any questionable items should be discussed with the Commissioner. Unresolved issues should be referred to the Board.
- b. Personal expenses will not be reimbursed and any included in an expense report will be deducted from the reimbursement.
- c. An expense report should be completed if the employee received per diem, is due reimbursement, or incurred non-allowable charges.
- d. If all travel/training expenses are charged to a County purchasing card and all expenses are allowable, no *Employee Expense Report* needs to be completed. The *Purchasing Card Policy* should be followed in these situations.

Travel Cash Advances

- 1. Cash travel advances to employees are not allowed if the individual has available a general purpose County credit/purchasing card.
- 2. Cash advances shall be issued to employees who generally do not travel and are making a one-time trip.
- 3. All employees are fully responsible for funds advanced to them and shall account for the funds on an *Employee Expense Report*. These statements shall be submitted to the Finance Department within 14 days of the period the expense was incurred. Employees are liable for any advanced funds which are lost or stolen.
- 4. When the actual travel expenditures reported on the expense statement exceed the amount of the cash advance, the employee shall be reimbursed for the additional travel costs incurred.
- 5. When the actual travel expenditures reported on the expense statement are less than the cash advance, the employee shall reimburse the agency for the difference. This reimbursement shall be made at the same time the expense statement is submitted.
- 6. In the event of cancellation or indefinite postponement of authorized travel, any cash advances which were made shall be refunded immediately.
- 7. If an employee granted a cash advance fails to file a travel expense statement, the amount of the cash advance shall become a lien against any and all funds due the employee from the County. According to the Internal Revenue Service, payments to an employee for travel are taxable if (1) the employee is not required to or does not substantiate timely those expenses with receipts or other documentation, or (2) an advance is given to the employee for business expenses and the employee is

not required to or does not return timely any amount he/she does not use for business expenses. Therefore, if an employee does not file a travel expense statement after receiving a cash advance, the amount of the advance will be reported as wages on his/her Form W-2.

PURCHASING CARD POLICY

- 1.** All Elected Officials or Division Directors authorizing the use of purchasing cards must:
 - a.** insure that all expenditures incurred by his/her division comply fully with the requirements of this and other policies adopted and approved by the Board of Commissioners.
 - b.** approve all Purchasing Card transactions of his/her assigned division.
 - c.** accept responsibility for the actions of designated Division/Department Purchasing Card Administrator for his/her division.
 - d.** Directly, or through the designated Division/Department Purchasing Card Administrator, expressly authorize individual cardholders and establish individual cardholder credit limits.
- 2.** All employees issued a purchasing card:
 - a.** are responsible for record keeping of the weekly transactions including obtaining and submitting receipts for the purchases with each week's online statement.
 - b.** must sign the Purchasing Card Agreement in order to be issued the card. This agreement must be on file with Procurement.
 - c.** is responsible for timely submission of the original detailed receipts to the Division/Department Purchasing Card Administrator no less than weekly.
- 3.** The Program Administrator within the Procurement Department:
 - a.** is responsible for issuing the Purchasing Card Agreements and Georgia Sales Tax Exemption form to authorized personnel. All Purchasing Card Agreements must be forwarded to the Program Administrator prior to the issuance of the purchasing card.
 - b.** maintains the purchasing card computer system which tracks the cardholder name, date issued, card number and limits.
 - c.** will only grant system access to authorized users who are accountable for keeping track of the purchasing cards issued.
 - d.** is responsible for training all Division/Department Purchasing Card Administrators and holding annual purchasing card meetings to update current cardholders.
- 4.** The Division/Department Purchasing Card Administrator:
 - a.** must review the charges, credits and returns for all the purchasing cards assigned to the responsible Division/Department.

- b.** must review the supporting documentation submitted by the cardholder to assess the validity and completeness of the transaction as well as compliance with this policy and other applicable policies. Any lack of documentation or support must be communicated immediately to the cardholder and resolved in a timely manner.
 - c.** must approve the periodic transactions posted in the purchasing card computer system.
 - d.** is responsible for instruction and guidance for all cardholders under their direction.
- 5.** This policy applies to all employees of Columbia County Government who are authorized holders of a purchasing card.
- 6.** All expenditures authorized under this Policy shall be subject to the availability of funds within the applicable approved departmental budget.
- 7.** All purchases must be in compliance with the *Columbia County Purchasing Policy*, the *Columbia County Travel/Training Policy*, and other applicable Financial Management Policies. This Policy establishes minimum standards which must be adhered to; however, more stringent or additional guidelines may be imposed by Elected Officials or Division Directors for use in their divisions. These guidelines and controls should be rigorously monitored within each division.
- 8.** A purchasing card may be issued to certain authorized employees for convenience of qualified business transactions and to take advantage of vendor discounts offered to the County. The purchasing card should never be used as a personal credit card and any personal purchases on the card are strictly prohibited, except as otherwise allowed in the *Columbia County Travel/Training Policy*.
- 9.** Should the purchasing card be inadvertently used for a personal purchase, the employee is to immediately notify his supervisor and reimburse the County for the purchase. The reimbursement should be attached to the report submitted as in VIII, D. below. Repeated violations can result in the deactivation of cardholder accounts and penalties including possible termination of employment.
- 10.** The issuance of a purchasing card to an employee provides the cardholder with the ability to commit County funds to buy certain goods or services. All purchases must be eligible charges to the purchasing card and require the appropriate documentation to adequately safeguard County assets and support authorized purchases.
- 11.** All charges on the purchasing card require an original detailed receipt from the vendor as support for the transaction. If the charge is invoiced to the cardholder, then the invoice should be sent directly to the cardholder's responsible Division.
- 12.** Receipts must include at a minimum: 1) vendor name, 2) amount, 3) date of transaction, and 4) description of the items purchased. Receipts that do not

include this minimum documentation are **not** acceptable.

13. Receipts for authorized meals must include a listing of attendees and the purpose for the meal.
14. All purchasing card transactions must be coded and explained in detail in the internet based purchasing card system. A report should be printed, receipts attached, and submitted to the Program Administrator.
15. All travel and training purchases charged on the cardholder's account must adhere to the terms outlined in the County's Travel and Training Policy.
16. All transaction forms and supporting documentation must adhere to the Georgia Record Retention Policy. This documentation must be available for audit and review for 5 years after date of purchase.

PROCUREMENT

The procurement function is decentralized with County departments having responsibility for:

1. Initiation of purchase requisitions.
2. Ensuring funds are appropriated.
3. Requesting additional funds if needed.
4. Monitoring operating requirements of contracts.
5. Preparing specifications/scope of work for solicitations.

The Procurement Department is responsible for:

1. Reviewing all requests to ensure that County policies are followed.
2. Maintaining and distributing purchasing rules and regulations to be used internally and rules and regulations written specifically for vendors.
3. Monitoring administrative requirements of contracts.
4. Facilitating the solicitation process.

Procurement and Public Works Thresholds

1. Purchases with an estimated total cost in excess of \$20,000 require formal bids.
2. Purchases estimated to be more than \$2,000 but less than \$20,000 shall be made in the open market with or without newspaper advertisement, but shall have written quotations from at least three prospective bidders.
3. Purchases estimated to be less than \$2,000 shall be made in the open market. Buyers are to use their best judgment as to source of supply.
4. Purchases shall not be split to avoid threshold limits.
5. Reference is made to the *Procurement Department Standard Operating Guidelines* manual for methods of solicitation and solicitation guidelines.

Negotiated Contracts

1. Although Procurement strongly recommends obtaining at least three quotes to ensure competitive pricing, the requirement for three to five written quotations for

purchases equal to \$2,000 but less than \$20,000 may be waived by the Procurement Manager on items purchased through a contract that has been bid and negotiated by the following:

- State of Georgia Department of Administrative Services;
 - U.S. General Services Administration, limited to the Disaster Recovery Purchasing Program, the Cooperative Purchasing Program (schedules 70 & 84), and the 1122 Counter Drug Program
 - The Cooperative Purchasing Network, as approved by the Board with Resolution No. 13-1029;
 - The National Joint Powers Alliance, as approved by the Board with Resolution No. 13-1030.
 - Other entities as approved by the Board.
2. The competitive solicitation procedures for purchases of \$20,000 or more may be waived on items purchased through a contract that has been bid and negotiated by the above mentioned agencies *upon review by the Procurement Manager and recommendation of the applicable Oversight Committee.*
 3. Contract bids of the above mentioned agencies shall be subject to their respective bidding practices and requirements and shall comply with all requirements set forth in OCGA 36-69A-4.

Emergency Purchases

1. An “Emergency” is defined as any situation resulting in imminent danger to the public health or safety or the loss of an essential governmental service.
2. In the event of an emergency that threatens the public health, safety, or welfare of the County or the loss of an essential governmental service, the Procurement Manager and/or Finance Director will have the authority to suspend formal competitive bidding procedures to the extent required to rectify the emergency.
3. In the absence of the Procurement Manager and Finance Director, the affected Division Director(s) will have the same authority, but will report such emergency purchases to the Procurement Manager promptly (within two working days if possible).

Sole Source Purchases

4. Sole source is defined as those procurements made pursuant to a written determination by a governing authority that there is only one source for the required supply, service, or construction item.
5. The Procurement Manager will have the authority to suspend formal competitive bidding procedures upon verification of a “sole source” purchase.
6. Before making a determination of Sole Source, research must be conducted to determine if other products or service providers exist and can satisfy procurement requirements.
7. Sound procurement practice requires that Sole Source procurement be used when it is the only option and not as an attempt to contract with a favored service provider or for a favored product.

Purchases from Employees or Elected Officials - Purchases of goods or services from Employees or Elected Officials in excess of \$100 must be approved by the Board, and must meet the same criteria as any other purchase.

Professional Services - Although professional services are not required to be competitively procured, when determined to be in the best interest of Columbia County, requests for proposals may be issued for professional services in accordance with the County's RFP procedures.

Suspension of Vendor

1. After consultation with Procurement, and the vendor who is to be suspended where practicable, and upon written determination by the Financial Services Director and Procurement Manager that probable cause exists for debarment as hereinafter set forth, a recommendation for suspension shall be made to the Board, upon which a final decision as to the proposed suspension shall be made by the Board.
2. If the suspension is approved a notice of suspension including a copy of such determination shall be sent to the suspended vendor. Such notice shall state that:
 - The suspension is for the period it takes to complete an investigation into possible debarment including any appeal of a debarment decision but not for a period in excess of one hundred-twenty (120) days.
 - Bids or proposals will not be solicited from the suspended person, and, if they are received, they will not be considered during the period of suspension; and
 - A suspension may be appealed in accordance with the protest guidelines set forth in the *Procurement Department Standard Operating Guidelines* manual.
3. A vendor is suspended upon issuance of the notice of suspension. The suspension shall remain in effect during any protest. The suspension may be ended at any time by the Board but otherwise shall only be ended when the suspension has been in effect for one hundred-twenty (120) days or a debarment decision has taken effect.

Debarment of Vendor

1. Written notice of the proposed debarment action shall be sent by certified mail, return receipt requested, to the vendor. This notice shall:
 - State that debarment is being considered;
 - Set forth the reasons for the action;
 - State that, if the vendor so requests, a hearing will be held, provided such request is received by the Procurement Manager within ten (10) days after the vendor receives notice of the proposed action;
 - State that the vendor may be represented by counsel;

2. Final decision for debarment will be made by the Board.
3. The debarment may be removed by the Board upon petition by the vendor.

Contracts

1. The Board must approve any lease-purchase agreement, long-term lease, or contract and contract renewals. Exempted from this provision are short-term lease (rental) agreements, routine maintenance or service agreements, and items otherwise identified herein, which may be signed by the department manager.
2. Bid and contract documents may contain provisions authorizing the issuance of change orders, without the necessity of additional requests for bids or proposals, within the scope of the project when appropriate or necessary in the performance of the contract. Change orders may not be used to evade the purposes of the Procurement Policies and Procedures.
3. Contract change orders for Public Works projects less than \$20,000 may be approved by the Department Manager and/or Division Director.
4. The Board may, at their discretion, designate alternate signors unless prohibited by law with relation to the item being signed. However, no employee or official of the County has the authority to obligate the County in any manner without prior approval from the Board.
5. All contracts and agreements shall be reviewed by Procurement for compliance with administrative requirements.

Surplus Property - The Board, through the Director of Financial Services, has authorized the Procurement Department to dispose of surplus items. As appointed agent, Procurement is the only department authorized to enter into and sign contracts for the disposal of property; and is charged with the responsibility of assuring that all disposal actions are in accordance with the Code of Columbia County, Code of the State of Georgia, and applicable Federal government regulations.

GSIC - Columbia County is subject to the requirements of the Georgia Security and Immigration Compliance Act. Accordingly, the requirements of O.C.G.A. §13-10-91 and Georgia Department of Labor Rule 300-10-1-.02 are conditions that must be included in any contract.

Ethics

1. The Procurement Department shall maintain multiple sources of supply for all procurements, and shall maintain the best possible source relationships.
2. No affiliate or employee of the County shall submit offers for, enter into, or be in any manner interested in entering into a contract for the County purchases or contract for services in which they would be financially interested, directly or indirectly. Nor shall any affiliate or employee of the County seek to influence in

any manner, the award of a contract, purchase of a product or service from any offeror. Further, affiliates and employees must immediately disclose to the County any silent partnership, proprietorship, employment, other involvement or relationship in a prospective contract or procurement.

3. Acceptance of gifts by employees from sources or potential sources, or their salesmen or representatives, at any time is strictly prohibited, except for inexpensive advertising items of nominal value with the firm's name clearly imprinted on them. These items shall not be displayed publicly in the Procurement division offices. Employees must not become obligated to any source and shall not conclude any transaction from which they may personally benefit, directly or indirectly.
4. Vendors shall be advised from time to time that employees may not solicit or accept gratuities such as any type of compensation, contribution, emolument (kick-backs), offer of employment, loan, reward, rebate, gift, money, lodging, service, or "other things of value", except as specifically exempted herein. Employees of the County are not to participate in any type of extravagant entertainment with the supplier, customer, or consultant, or a contractor. These restrictions do not include entertainment such as business meals that are customary and proper under the circumstances; as long as they are consistent with good business ethics, and do not place the recipient under an obligation of any kind.
5. In the event employee visits to a vendor's plant or distribution center become necessary for technical or other reasons, trips must be made at the County's expense, unless provided contractually by the vendor.
6. No money shall be paid to any person, firm or corporation who is indebted to the County.
7. Procurement Department personnel shall be well trained and acquainted with the legal requirements and regulations governing the purchasing function. When potential conflict with an existing regulation is suspected, or legal assistance is advisable, it is the responsibility of the Procurement Manager to notify management of conflicts or potential conflicts, and/or that legal counsel is needed.
8. Noncompliance with this policy either from a vendor, customer, consultant, contractor, or employee will be justification for disciplinary action, including termination of said employee, and /or immediate termination of the business relationship.

REVENUE SUMMARY

Columbia County derives its revenues from nine basic categories: Property Taxes, Sales Taxes, Other Taxes, Charges for Services, Fines and Forfeitures, Intergovernmental, Miscellaneous, and Use of Reserves. The following revenue section includes a summary of revenues for all major funds, an analysis of revenues by category and a revenue budget history for each fund.

FY 2014 Sources of Funds: Government-Wide

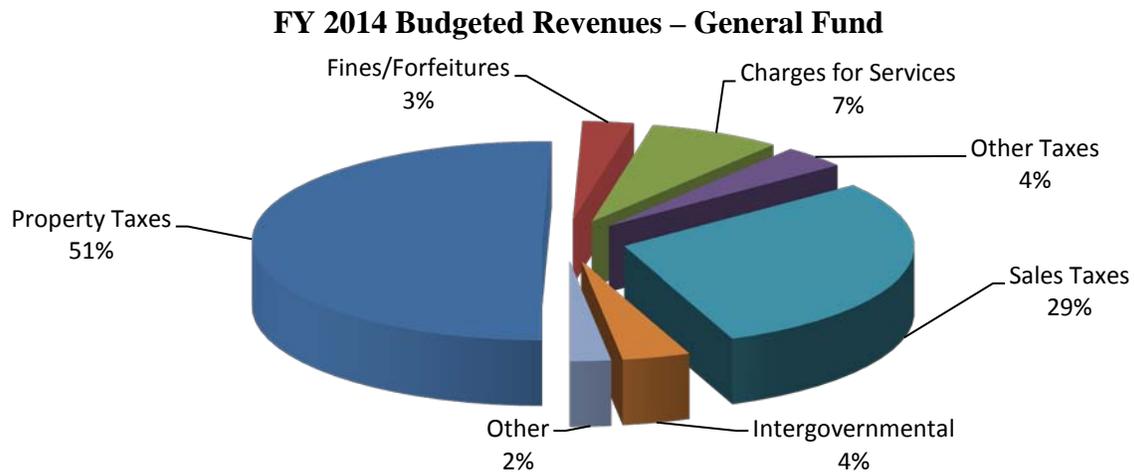

GOVERNMENT-WIDE REVENUES 2011 - 2014

GENERAL FUND

The General Fund revenues are derived primarily from taxes: property and other taxes account for 55% and local option sales taxes account for 29%, for a total of 84% of General Fund revenues. Other sources of revenue for the General Fund include fines and forfeitures from the court system, charges for services from Planning and Recreation, intergovernmental revenues, and miscellaneous income. Budgeted revenues for the General Fund, excluding the use of reserves, for FY 2014 total \$57,703,502.

SPLOST 2006-2010

This SPLOST program ended in December 2010 but was renewed for another 6 years beginning in January 2011. The primary source of revenue for this fund was the 1% tax on sales generated within the County. Remaining funds are being used to complete capital projects in the areas of transportation, recreation, county facilities, and intergovernmental projects. Other than investment income and interfund transfers, this fund generates no new revenues.

2009 GENERAL OBLIGATION BOND/2011-2016 SPLOST FUND

The primary source of revenue for this fund is the 1% tax on sales generated within the County. In March 2009, the County issued \$38.0 million in general obligation bonds in connection with the renewal of the SPLOST program for 2011-2016. The bonds will be repaid from SPLOST collections. These funds will be used for capital projects in the areas of county facilities, public safety, water projects, and recreation projects. Other revenues include investment income and interfund transfers.

WATER AND SEWERAGE FUND

This utility provides services to approximately 39,000 water customers and 32,000 sewer customers. Of the total budgeted revenues of \$28.6 million, \$17.0 million, or 59.5%, is derived from water sales and \$9.5 million, or 33.3%, is derived from sewer sales. Other revenues include water and sewer taps, investment income, and rental income.

REVENUE ANALYSIS

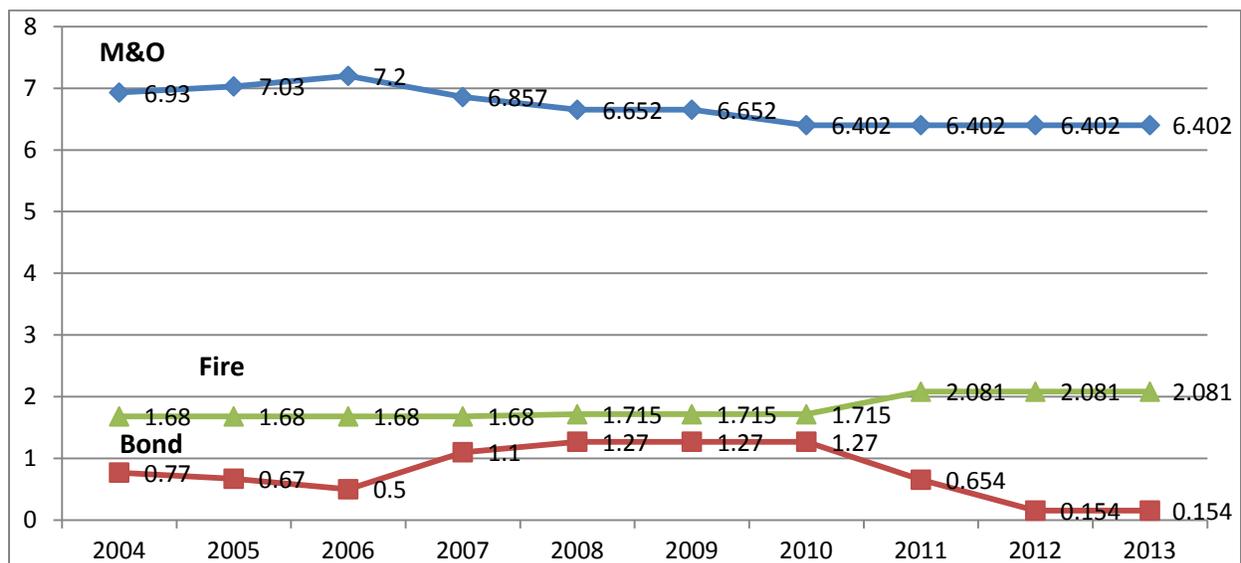

PROPERTY AND OTHER TAXES

This category includes general property taxes for the General Fund, Fire Services Fund, and the 2007 General Obligation Bond Debt Service Fund. Other taxes include revenues from cablevision, real estate transfer taxes, intangible taxes, alcohol taxes, and occupational taxes.

For calendar year 2013, the maintenance and operations portion of the millage rate, which is accounted for within the General Fund; the fire millage rate, which is applied only to the unincorporated area of the County and accounted for within the Fire Services Fund; and the debt service millage rate, which is used to repay the 2007 general obligation bonds, were 6.402 mills, 2.081 mills, and 0.154 mills, respectively, for a total millage rate for the County of 8.637 mills, the same as the previous year. In the past ten years, the County has only increased the total millage rate twice: in 2004 to implement the Fire Services Fund and in 2007 with the issuance of general obligation bonds. In the past five years, the County has incrementally rolled back the millage rate by a total 1 mill.

These amounts exclude the school millage rate, which the Board of Education (BOE) sets independently. In 2012, the school millage rate was 17.59 mills. In addition, the State of Georgia assessed .20 mills for real and personal property and .25 mills for all other property. Therefore, the total millage rate on property taxes for 2012 was 26.427 mills for real and personal property and 26.477 mills for all other property. For calendar year 2013, the BOE increased the school millage rate to 18.59 due to student population growth and continued reductions in state funding. The State of Georgia changed its assessment to .15 mills for real and personal property and .20 mills for all other property. Therefore, the overall millage rate for 2013 is 27.377 for real and personal property and 27.427 for all other property.

Due to the economy and changes in state legislation, the County anticipated little growth in the 2013 digest during budget preparations. Therefore, the budget was prepared and balanced using a 1.5% increase in property tax revenues in order to maintain conservative revenue projections.

Georgia House Bill 386 became effective on January 1, 2013. This legislation removed the sales and use tax on the purchase of motor vehicles and the annual ad valorem tax on the same motor vehicles and replaced these taxes with a one-time title ad valorem tax paid every time the ownership of a vehicle is transferred beginning March 1, 2013.

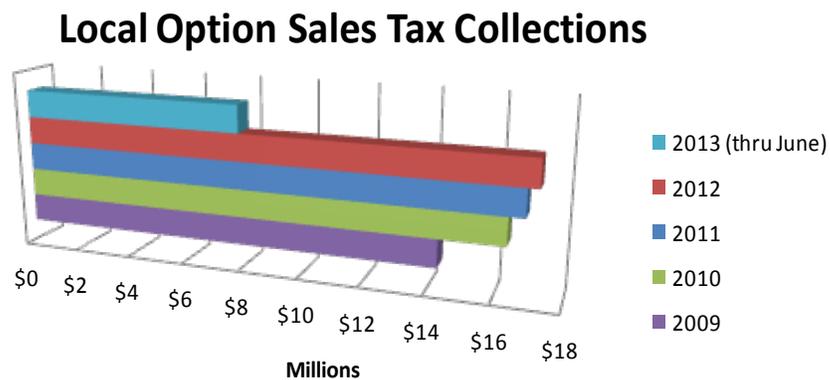

This legislation also enacted a sales and use tax exemption for energy used in the manufacturing process. HB 386 authorizes counties to levy, by county ordinance, a new local excise tax on energy designed to recoup the local revenues lost as a result of the exemption. The County adopted Ordinance 13-02 effective April 2, 2013, to impose such an excise tax on the sale, use, storage, or consumption of energy. Both of these revenues are accounted for within the General Fund with no restrictions, unlike some sales taxes. The County may choose to transfer a portion of these revenues to its SPLOST account, but is not required to do so.

The County began collecting the new Title Ad Valorem Tax and the new Excise Tax on Energy, beginning in April 2013 and May 2013, respectively. Because of the uncertainty of the collection amounts of these new taxes, no funds were included in the FY 2014 budget.

SALES TAXES

Sales tax revenues include 1% on sales that is accounted for within the General Fund (local option sales tax – LOST), 1% on sales for capital purposes (special purpose local option sales tax – SPLOST), and 1% on sales for transportation projects (TSPLOST). The LOST is established by state legislation but the SPLOST and the TSPLOST require voter approval. In November 2008, the citizens of Columbia County approved to extend the SPLOST through 2016. In July 2012, the TSPLOST, a regional sales tax created with the Transportation Improvement Act of 2010, was approved in the Central Savannah River Region, which includes Columbia County.

Collections in calendar year 2012 exhibited a moderate growth rate of 2.12% and collections during the first half of 2013 have declined at a rate of 3.49%. The County believes that the decline is due to enactment of HB 386 as explained above. The average monthly LOST collection, currently \$1.4 million, was used in preparing the FY 2014 General Fund budget in order to maintain conservative revenue projections. The amount of SPLOST budgeted in capital projects funds was based on current reserve balances within those funds, a conservative projection of new collections, and the projected construction timeline of projects. Projects are constructed only as funds are available.

CHARGES FOR SERVICES

This revenue source includes charges for street lights; 911 charges for both landline and wireless telephones; water, sewer, and storm water charges; and charges to employees that participate in the medical plan.

FINES AND FORFEITURES

Columbia County supports the following court systems: Probate Court, Magistrate Court, Juvenile Court, and Superior Court. Revenues from fines are expected to remain at current levels.

OTHER FINANCING SOURCES

This category consists of interfund transfers and sales of property. Significant transfers include \$1.9 million from the IPTF to the Fire Services Fund to subsidize operations due to property tax revenues being insufficient to cover the costs of providing fire services and \$13.2 million from the 11-16 SPLOST Fund for debt retirement.

INTERGOVERNMENTAL

This category includes payments in lieu of taxes, grant revenues, cost allocations among funds, and County participation with Internal Service Funds.

The County operates four Internal Service Funds: Employee Medical Plan, which is a self-insured plan; the Risk Management Fund used to account for various risk activities associated with property, automobile, and general liability exposures; the Customer Service and Information Center used to account for our 311 Center; and a Fleet Replacement Fund implemented in FY 2008, with the goal of better managing costs associated with fleet replacement. This fund consists of revenues derived from participating funds as “lease payments” and revenues obtained from the sales of surplus vehicles and equipment through an on-line auction system.

USE OF RESERVES

This category accounts for the use of reserves that have been accumulated in prior years. The majority of the \$34.8 million budgeted is used in the Capital Projects Funds as follows: the 06-10 SPLOST Fund, \$8.8 million; the 2007 GO Bond Fund, \$4.3 million; the 2009 GO Bond Fund, \$15 million. The Storm Water Utility Fund also budgeted \$1.4 million for capital projects. The Fleet Replacement Fund budgeted \$1.8 million to purchase new vehicles/equipment. The General Fund budgeted \$2 million to expense a portion of property that has been held for resale that will be used for County operations.

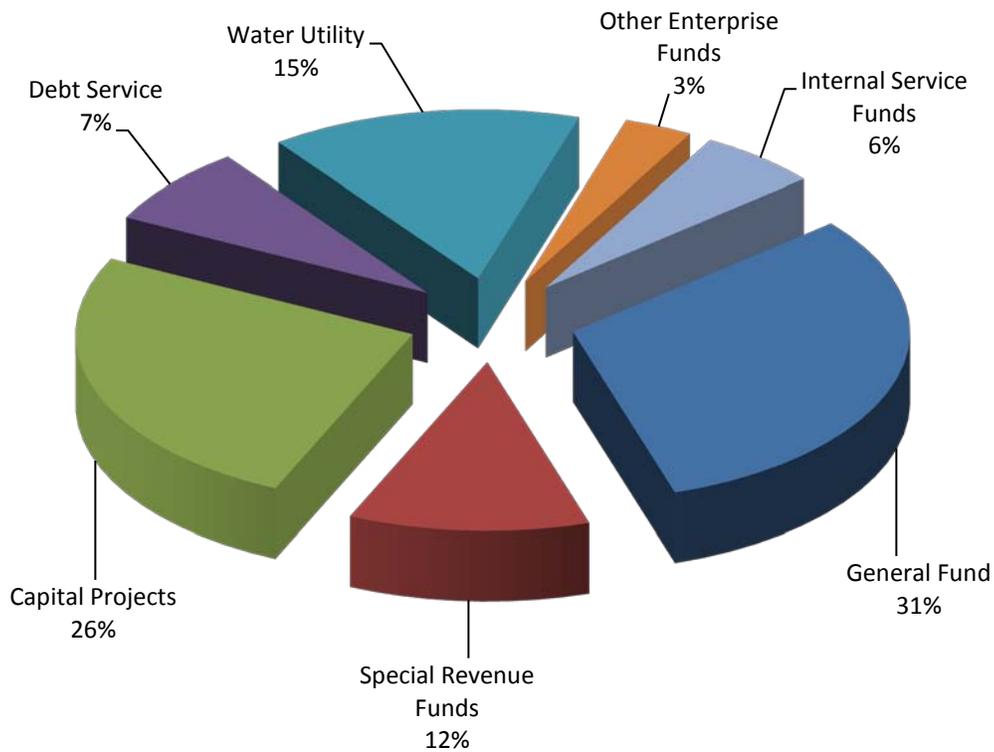

MISCELLANEOUS

This category includes revenues not included in any other category, such as licenses and permits, investment income, and contributions and donations.

EXPENDITURE SUMMARY

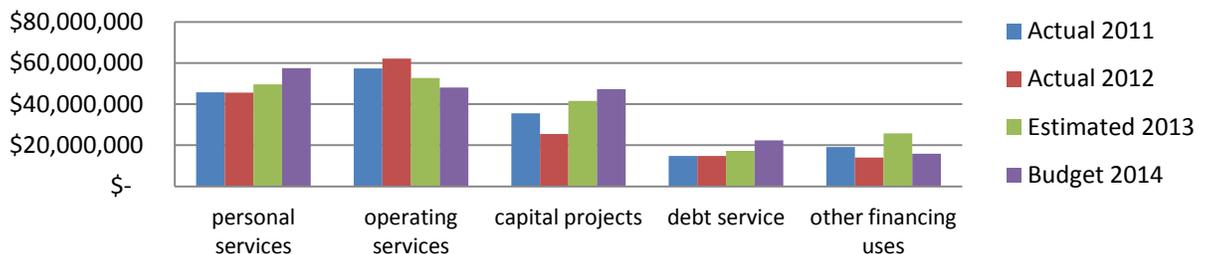

The annual budget for Columbia County, GA, for FY 2014 provides funding to maintain current levels of service, with no change in the millage rate, while reducing operating costs and capital outlay where possible. The annual budget for all funds totals \$191,226,645, reflecting a net increase from the fiscal year 2013 adopted budget of \$7,244,087, or 3.94%. This net increase is primarily due to (1) the use of reserves in the General Fund in the amount of \$2 million to expense a portion of property that has been held for resale that will be used for County operations, (2) the use of reserves in the Storm Water Utility Fund in the amount of \$1.4 million to complete capital projects, and (3) an increase in health care costs in the Employee Medical Plan of \$1.1 million.

Countywide Uses of Funds

The following table reflects the five categories of expenditures: personal services, operating services, debt service, capital projects, and other financing uses.

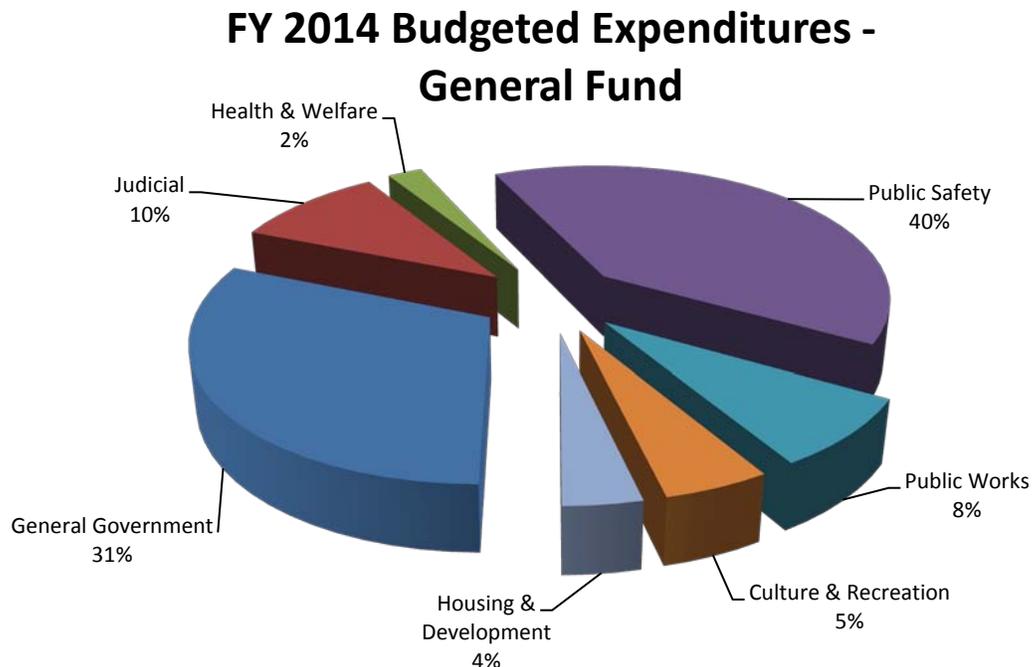

Governmentwide Expenditures

GENERAL FUND

The General Fund budget, excluding the use of reserves, increased \$1.7 million from the fiscal year 2013 adopted budget, or 3.05%.

- Total General Fund expenditures includes contingency funds of \$1,290,158, or 2.29% of proposed expenditures.
- The increase in General Fund expenditures consists of an increase in personnel costs of 2.38%, an increase in new positions and promotions of 34.53%, an increase in operating expenditures of 2.30%, an increase in contingency of 19.97%, and an increase in capital requests of 14.13%.
- No interfund transfers were included for FY 2013/2014.
- New personnel requests within the General Fund consist of 11 new positions in the amount of \$311,046, reclassifications and promotions in the amount of \$67,773, a 35 day delay in replacement of vacancies for an anticipated savings of (\$200,000), no merit increase, funding for recommendations included within the 2013 salary study in the amount of \$15,000, and a 2.5% increase in medical rates in the amount of \$50,000. New hires are budgeted at a rate of “entry only” and are effective July 1, 2013, except for 4 positions which are effective January 1, 2014. The combined cost of these additional personnel and benefit requests is \$243,819.
- Due to restructuring, several functions within the General Fund were separated into individual departments: Planning, Engineering, Plan Review, and Code Compliance.

DEBT ADMINISTRATION

General Obligation Bonds:

General Obligation Bonds, which require voter approval and are backed by the full faith, credit, and taxing power of the County, are issued to raise funds for major capital projects. The County has two outstanding issues: 2007 GO Bonds, to be repaid with property taxes; 2009 GO Bonds, to be repaid with special purpose local option sales taxes. A Debt Service Fund for each of these issues is used to account for the bond principal and interest payments. The following table reflects the County's total outstanding amounts of principal and interest for General Obligation Debt as of June 30, 2013:

Year	Principal	Interest	Total
2014	\$ 10,970,000	\$ 3,405,775	\$ 14,375,775
2015	11,900,000	2,935,024	14,835,024
2016	12,865,000	2,383,275	15,248,275
2017	13,880,000	1,790,463	15,670,463
2018-2022	20,690,000	3,040,231	23,730,231
2023-2024	4,600,000	295,800	4,895,800
Total	\$ 74,905,000	\$ 13,850,568	\$ 88,755,568

The State of Georgia limits the amount of general obligation debt that a unit of government can issue to 10% of the net assessed value of taxable property located within that government's boundaries. The legal debt limit for the County based on the 2012 tax digest was \$423,116,021. Because growth in the 2013 tax digest was 2.3%, the legal debt limit for 2013 is estimated to be \$432,827,534. Based on this figure, the estimated legal debt margin for the County as of June 30, 2013, is \$357,922,534, showing that the County only utilized 17.31% of its legal debt limit for 2013. Based on another 1% growth rate in 2014, the County will utilize only 14.63% of its 2014 legal debt limit.

Summary of Legal Debt Margin

	2011 Actual	2012 Actual	2013 Estimated	2014 Projected
GO Bonds	\$ 94,380,000	\$ 85,045,000	\$ 74,905,000	\$ 63,935,000

% of Debt Limit	22.80%	20.10%	17.31%	14.63%

Revenue Bonds:

Revenue Bonds, which are also issued to raise funds for major capital projects, do not require voter approval because they are backed with specific revenues generated from the project financed. Each bond is secured by a first lien on and pledge of the net revenues of the Water and Sewerage System. The following table reflects the County’s total outstanding amounts of principal and interest for Water and Sewerage Revenue Debt as of June 30, 2013:

Year	Principal	Interest	Total
2014	\$ 4,200,000	\$ 3,653,338	\$ 7,853,338

Total	<u>\$ 81,840,000</u>	<u>\$ 39,200,525</u>	<u>\$ 121,040,525</u>

The County is required, pursuant to the Bond Resolution, to produce net revenues in each bond year that is not less than 110% (1.1x) of the annual debt service requirements. The following table shows the historical debt service coverage of the Water and Sewerage System:

	2008	2009	2010	2011	2012
Debt Svc Coverage	1.82x	2.00x	2.03x	2.10x	2.01x

Bond Ratings:

Columbia County continues to maintain strong bond ratings with the major credit rating services. In August 2010, the Government prepared comprehensive presentations for Fitch IBCA, Standard & Poor’s, and Moody’s Investors Service rating agencies in an effort to upgrade the current uninsured ratings applied to the Government’s general obligation bonds and water and sewerage revenue bonds in anticipation of issuing approximately \$60 million in water and sewerage revenue bonds. The Government received an upgrade from Fitch to AAA from AA and an upgrade from Moody’s Investor Services to Aa1 from Aa2 and maintains a rating of AA+ from Standard and Poor’s for the general obligation debt. The Government received upgrades from all three rating agencies for the water and sewerage debt. Standard and Poor’s upgraded from AA to AA+, Fitch upgraded from AA- to AA+, and Moody’s Investor Services upgraded from Aa3 to Aa2. In July 2013, Fitch conducted a surveillance review of the County’s outstanding water and sewerage debt and upgraded its rating from AA+ to AAA. These high ratings are a primary factor in keeping interest costs low on the Government’s outstanding debt. The County will continue to follow prudent fiscal policies and practices in order to maintain its strong credit rating.

OPERATING FUNDS

GENERAL FUND

The General Fund is the primary operating fund of the County and is used to account for all activities of the County not included in other specified funds. The General Fund accounts for normal recurring activities such as public safety, parks and recreation, public works, general government, etc.

BUDGET HIGHLIGHTS

The Human Resources team will continue to participate in educational opportunities through various resources including higher education, continuing education, and membership in professional organizations. Certifications and training will be focused on public sector human resources disciplines.

Fire Rescue personnel were added to the County workforce January 2013 creating HR staff to employee ratio of 1:180, exceeding the national standard of 1:100. In the short term, current staff can meet the critical and immediate needs of the employees; in the long term, maintaining excellent customer service while meeting the general public and our employee and dependent needs may suffer without additional support staff.

A Human Resources Benefits Specialist position was eliminated November 2009 due to the economic downturn. The County employee population now exceeds 1,000+ and the department is in critical need of one new professional employee. A Human Resources Generalist position is being requested this year because it can cross over and support any human resources function and bring a new element of support to the department and organization.

The Human Resources Department is responsible for management oversight of the medical fund. The medical fund balance is maintaining fund levels at approximately 2MM. Economic indicators for medical costs will continue to financially impact the fund due to Health Care Reform, increased health care costs, increased workforce and dependents, and plan utilization.

Federal mandated changes will impact the medical fund January 2014 at a projected cost of \$144,900 to support the new Transitional Reinsurance Fee and \$17,200 for the Comparative Effectiveness Research fees. These mandates will continue to impact our fund balance and require more drastic benefits reductions to continue to achieve renewal negotiation leverage.

Aggressive wellness initiatives are recommended to continue to enhance the wellness program, providing more education and vendor participation and communication. The fitness reimbursement program was successful again this budget year and is requested to continue in the new budget year.

TAX COMMISSIONER

FUND/DEPARTMENT NUMBER: 101-1111

MISSION STATEMENT

Provide proficient property tax and motor vehicle tag services that are accessible and responsive to the needs of the citizens of Columbia County through innovation, technology, and a professional workforce.

VISION STATEMENT

Enhance tax collection payment options through modern technological applications, improving customer service and increasing responsiveness to our citizens.

DEPARTMENT DESCRIPTION

The Tax Commissioner, as a duly elected constitutional officer, is responsible for billing, collecting, and disbursing all monies levied as taxes for the County, School System, Cities of Harlem and Grovetown and the State of Georgia. Property taxes, Motor Vehicle taxes, Mobile Home taxes, Timber taxes, and Heavy Equipment taxes are collected. In addition to collecting taxes, the Tax Commissioner serves as ex-officio Sheriff assuming the total responsibility for collection of any delinquent taxes.

ACCOMPLISHMENTS FOR FY 12/13

- Implemented a self-service Tag Touch system for vehicle registration renewals using credit/debit cards.
- Used college internship students to create new viable programs in the Tax Commissioner's Office
- Created and implemented a program using volunteers to assist the Motor Vehicle Personnel.
- Installed a drop box for payment collections at the Applying Tax Commissioner's Office.

GOALS FOR FY 13/14

- Collect, manage, and distribute accurately all Title Ad Valorem Tax fees in compliance with legislation passed in 2012 (HB 386).
- Revise and implement a new training program for the Motor Vehicle Division.
- Obtain 100% accuracy rating for the state annual motor vehicle inventory audit.
- Streamline delinquent tax collections to include judicial in rem tax sales.
- Maintain a property delinquency rate of less than 1%.
- Develop and implement a Manager's Training program

TAX ASSESSOR

FUND/DEPARTMENT NUMBER: 101-1112

BUDGET HIGHLIGHTS

The Tax Assessor's Office is requesting two promotions and two new positions:

Promotion and Reclassification: Grade 19 to 21; Appraiser II to Specialist V: Increase of Personal Property accounts (business assets, watercraft and aircraft) have made it necessary to increase our staffing numbers in this area, to assure that we are valuing all personal property accounts with accuracy and fairness amongst taxpayers. Melissa will take on additional responsibilities and provide leadership and training to the other two appraisers in the Personal Property division.

Promotion and Reclassification: Grade 18 to Grade 19; Appraiser I to Appraiser II: Increase of residential parcels has made this position necessary for recommended parcels-to-appraiser ratio. This position will transfer Randy from field appraisal to a more technical position involving updating cost schedules, setting land values and conducting sales ratio analysis.

New Position requested: Appraiser I, Grade 18: After the two previous promotions, the Tax Assessors Office will then have a ratio of 5,104 residential parcels per residential appraiser. The Department of Revenue recommends 3,500 parcels per appraiser. This position is needed in the field, to conduct annual review of residential properties and document all new improvements to these parcels.

If the Appraiser I position is approved, the monies to purchase the required equipment (computer and desk phone) have been requested in the minor property line code.

New Position requested: Clerk IV, Grade 13: We are requesting clerical assistance in the Personal Property division for data entry, filing and customer service. The two appraisers in this department are currently handling these clerical duties and we feel their time is better suited for more technical appraisal duties.

If the Clerk IV position is approved, the monies to purchase the required equipment (computer and desk phone) have been requested in the minor property line code.

CLERK OF COURT

FUND/DEPARTMENT NUMBER: 1211

MISSION STATEMENT

The Office of Superior Court Clerk seeks to continually develop innovative processes to further its mission to serve the citizens of Columbia County by ensuring fair and accurate records are available to all parties, regardless of position in the community. MAGISTRATE COURT

FUND/DEPARTMENT NUMBER: 1215

MISSION STATEMENT

The Magistrate Court is a venue for the professional resolution of disputes and enforcement of the civil and criminal laws of the State of Georgia and Columbia County.

DEPARTMENT DESCRIPTION

Every county in Georgia has a Magistrate Court by operation of the Georgia Constitution and Georgia Statutes. The Magistrate Court of Columbia County is made up of three distinct groups- the Clerk's Office, the Marshal's Office and the Magistrate Judges. All three groups fall under the direct supervision of the Chief Magistrate and are vital to the ability of the Magistrate's Office to function properly. There are presently 17 employees of the Magistrate Court, including the elected Chief Magistrate.

The Clerk's Office handles recording and scheduling of all criminal and civil cases in Magistrate Court. The Clerks handle the operation of the Magistrate's Office and process the vast number of filings that occur within the Court. The Clerks also draft all Court Orders, process garnishment payments, prepare default judgments, issue calendars and subpoenas, schedule court reporters, schedule probation revocation hearings, process bad check citations, oversee the office accounting and assist with the management of the budget which is set by the Board of Commissioners.

The Marshals are responsible for service of all documents or papers relating to Magistrate Court, including personal service of summons, subpoenas, evictions, garnishments, bad check citations, Rule Nisi Orders and other documents as required by the Court. The Marshals also are required by law to oversee evictions to ensure that the process is peaceful. They also work with the parties in civil cases to carry out the orders of the Court. The Marshals provide courtroom security for Magistrate Court for the multiple hearings that are conducted every week.

The Magistrates are on duty 7 days per week, 24 hours per day to consider arrest and search warrant requests from law enforcement officials. Requests for warrants by private individuals are considered by way of a Warrant Application Hearing. The Magistrates preside over those pre-warrant hearings on a bi-weekly basis. The Magistrates make initial determinations relating to bond and are responsible for the setting of bond in most criminal cases. The Magistrates perform First Appearance Hearings and Extradition Hearings on a regular basis. The Magistrates also perform wedding ceremonies for citizens.

MAGISTRATE COURT

FUND/DEPARTMENT NUMBER: 1215

WORKLOAD MEASUREMENTS

The Magistrate Court has jurisdiction over criminal and civil matters. Within this report, we have attempted to give an accurate overview of the activity of the Court during 2012.

Under the heading of civil matters, the Court handles general civil suits, dispossessory actions, garnishments and mechanics liens/abandoned motor vehicles. Each civil matter requires court personnel to docket and manage every document that is filed with the Court. This also includes the issuance of subpoenas, preparation of hearing notices, preparation of court calendars, docketing and entering miscellaneous litigation and preparing court orders. Some cases or filings require a hearing by the Court to resolve the case which requires court personnel to attend the hearings. However, not all civil cases require a hearing. Within the context of civil actions, the Marshal's Office must attempt to serve various types of documents, including the enforcement of the Court's Orders. It is impossible to estimate the amount of time that each case requires from Court personnel as every case is different. The civil matters addressed by the Court in 2012 appear below:

- Number of new civil cases filed- 1,747
- Number of dispossessories filed- 1,086
- Number of garnishments filed- 318

The Court also presides over criminal matters. One of the primary duties of the Magistrate Court is to consider criminal arrest and search warrants by law enforcement personnel. Private Citizens may also seek criminal arrest warrants through a process that requires a Warrant Application Hearing prior to any warrants being issued. There are several duties of the Court which are related to the issuance of arrest warrants to include the consideration of bond, First Appearance Hearings, Extradition Hearings and Preliminary Hearings.

Also within the heading of criminal matters, Magistrate Court is charged with the responsibility of hearing misdemeanor deposit account fraud matters and county ordinance violations. Defendants who are found guilty of such violations are subject to penalties and frequently are placed on probation to avoid incarceration. The Marshal's Office is charged with the responsibility of serving various papers relating to criminal matters, including citations, subpoenas, Rule Nisi Orders, warrants and certain hearing notices. The criminal matters addressed by the Court in 2012 appear below:

- Criminal warrants issued- 2,487 (1,283 Felonies, 1,204 Misdemeanors)
- Search warrants issued- 116
- First Appearance Hearings conducted- 634
- Preliminary Hearings- 448

ROADS & BRIDGES DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1411

BUDGET HIGHLIGHTS

We are requesting six two-way radios that will be part of the Sheriff's Office system. This will improve our communication with them, EMA, Water Utility and other state agencies. We are also requesting a tack distributor which will keep us from relying on a contractor when we prep roads for paving.

FLEET SERVICES DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1414

MISSION STATEMENT

To operate in a professional manner, so as to provide a complete, safe, efficient and cost effective fleet to our Customer Departments/Divisions.

VISION STATEMENT

To become the central location for county wide fleet management, specializing in all aspects of effective and efficient vehicle/equipment management, from acquisition to liquidation.

DEPARTMENT DESCRIPTION

Fleet Services provides for the repair and maintenance of County owned vehicles, as well as vehicles/equipment under contract or inter-governmental agreements. These vehicles range from lawn mowers to the largest piece of earthmoving equipment, as well as fire trucks and fire apparatus. Fleet provides for routine and preventative maintenance, minor and most major repairs and, when needed, coordinates all major repairs with outside vendors. This department also administers the County's Motor Pool, which provides loaner vehicles to county employees while their main line units are being serviced. Fleet maintains an automated database which provides all of the various departments with data to assist in repair cost analysis and replacement decisions. Fleet also develops and supplies the departments with specifications for new fleet vehicles and equipment on an as needed basis. Since a high percentage of the fleet that is maintained by Fleet Services is emergency vehicles used in the preservation of life and property, 24 hour repair/road service is provided.

ACCOMPLISHMENTS FOR FY 12/13

- Completion and implementation of organizational restructure
- Reclassification of Clerk III position to Administrative Assistance
- Completed construction of Phase IV Light Equipment Facility/Fully operational
- Development and Implementation of Work Flow processes for the efficient utilization of completed facility
- Developed and implemented electronic notification to end users of vehicle status and completion by both section supervisors.
- Renewal of inter-local service agreement with the Georgia Forestry Commission
- National recognition as a "Blue Seal of Excellence" facility by the National Institute for Automotive Service Excellence (ASE)
- All on-call positions have obtained Commercial Driver's Licenses to allow for vehicle towing.

Fleet Services 1414

BUDGET HIGHLIGHTS

- In FY budget 12/13 approval of the Repair/Maintenance Fund (internal service fund) was added to Fleet's list of responsibilities. This fund required Fleet staff to research every repair/service request for funds availability as well as management and maintenance of the balances to provide for efficiency and solvency of the fund.
 - There are several requests linked to this additional work load
 - New CSR for administrative office to assist with the additional tracking/reporting and work order maintenance required by the system
 - Additional inventories added to Fleet by this action (Roads and Bridges Service Trucks)
 - Reclassification of Fleet Analyst to Office Supervisor for direct supervision of the CSR and Admin. Assistant positions
 - This will be accomplished while maintain direct oversight of both internal service funds
 - Continued interactions with customer departments on vehicle/equipment specifications and recommendations.
- **An especially complex and costly issue facing the fleet in the coming year is the ever increasing cost of fuel.** Fleet will continue to work hand in hand with our customer departments to maintain the most fuel efficient vehicles possible, review engine size options as well as look into new technologies to help cope with this concern.
- A major CIP project requeste this year will be the relocation of 6 pipe bollards installed during the canopy project. The location and distance from the structures they protect has produced an unsafe maneuvering condition under the canopy and produced more than one collision.

FACILITY MAINTENANCE DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1415

MISSION STATEMENT

To provide timely and effective maintenance and custodial service to county facilities, to facilitate maintenance specific capital projects, and to efficiently manage the county's facility assets.

VISION STATEMENT

It's our vision to grow the facility maintenance department into a "Best of Class" maintenance department. We will accomplish this through solid leadership, competent staff, continued skill training, planned and preventive maintenance, continued use of smart building systems and a focus on 100 percent customer satisfaction.

DEPARTMENT DESCRIPTION

The maintenance department is responsible for the general upkeep and repairs of over 150 county buildings, facilities and departments with more than 500,000 square feet, valued at more than \$90 million. In addition to assisting with special projects, this department oversees the exterminating, security, elevator, and lawn maintenance contractors, as well as in-house janitorial services. Maintenance is responsible for energy management, implementing energy conservation measures, and oversight of the HVAC control programs.

- Complete the Tattoo Infection Control Course.
- Continue to provide excellent customer service to the residents of Columbia County.

DEPARTMENT OF FAMILY & CHILDREN SERVICES

FUND/DEPARTMENT NUMBER: 101-1712

MISSION STATEMENT

DHS Mission: Strengthen Georgia by providing individuals and family's access to services that promote self-sufficiency, independence, and protect Georgia's vulnerable children and adults.

Core Values:

Provide access to resources that offer support and empower Georgians and their families.
Deliver services professionally and treat all clients with dignity and respect.
Manage business operations effectively and efficiently by aligning resources across the agency.
Promote accountability, transparency and quality in all services we deliver and programs we administer. Develop our employees at all levels of the agency.

VISION STATEMENT

For all Georgians to live safe, healthy and self-reliant lives. The Division of Family and Children Services (DFCS) is the part of DHR that investigates child abuse; finds foster homes for abused and neglected children; helps low income, out-of-work parents get back on their feet; assists with childcare costs for low income parents who are working or in job training; and provides numerous support services and innovative programs to help troubled families.

DEPARTMENT DESCRIPTION

The Department of Family & Children Services provides the following services to the citizens of Columbia County:

Adoption Services

The Adoption unit is now a part of the Division of Family and Children Services (DFCS).

Adult Protective Services

Investigates reports of abuse, exploitation, or neglect of elderly or disabled adults who cannot care for themselves.

Child Abuse & Neglect

Child Protection Services investigates reports of child abuse or neglect and provides services to protect the child and strengthen the family.

Emergency Food Assistance

A federal program that helps supplement the diets of low-income persons in Georgia.

Energy Assistance

Energy assistance for low-income families

DEPARTMENT OF FAMILY & CHILDREN SERVICES

FUND/DEPARTMENT NUMBER: 101-1712

Food Stamps

Food stamps supplement the food budget for eligible families.

Foster Care

Foster care is provided for children whose families cannot care for them and they are now in the legal custody of the state.

Medicaid

Provides Medicaid coverage for eligible children under the age of 19, pregnant women and women who have breast or cervical cancer including precancerous conditions of the breast and cervix. In addition, coverage is provided for the aged, blind or disabled (ABD) who are eligible.

Refugee Resettlement

A federally funded program that provides assistance to refugees.

Secret Santa Program

The Foster Care Secret Santa program distributes gifts to Foster Care children during the Christmas Holiday season.

Subsidized Child Care

Helps Georgia families pay for early childhood and school age care programs.

Temporary Assistance for Needy Families

Temporary Assistance for Needy Families (TANF), or welfare, is cash assistance for eligible children and possibly their eligible caretakers.

ACCOMPLISHMENTS FOR FY2012/2013

- Averaging over 75% Federal Work Participation in the county.
- Many Christmas gifts delivered to needy families and children in the state's legal custody.
- Provided \$211,802.00 in Temporary Assistance for Needy Families
- Provided \$17,441,704.00 in Food Stamps to Qualifying Families
- Provided \$558,250.00 in Child Care to Qualifying Families
- Served 3,330 cases on a monthly average for Family Medicaid
- Served 1,318 cases on a monthly average for Aged, Blind and Disabled Medicaid
- Provided Employment Services; Transportation, Job Readiness, Incidental Benefits, and other Support Services Benefits
- Served 11 children in Foster Care with an expenditure of \$57,603.60.

DEPARTMENT OF FAMILY & CHILDREN SERVICES

FUND/DEPARTMENT NUMBER: 101-1712

GOALS FOR FY2013/2014

- To continue increasing the Federal Work Participation rate.
- To decrease TANF caseloads, as required, to receive Federal funds.
- To place fewer children in foster care by implementing a more family centered focus philosophy to ensure safety and risk reduction within the home.
- Fully implement (transition) to the new Business Operations Planning (BOP) business model. This incorporates standardization of Georgia Reengineering Our Work (GROW), Document Imaging (DIS), Telecommunications (local office call center model), Self Service (standardize lobby resources) and OFI Data Tool (standardized data management).

BUDGET HIGHLIGHTS

The reduction to our county budget would greatly affect the wellbeing of the Columbia County families and children that we serve. The Department of Human Services/DFCS continue to experience state budget cuts as well. We continue working with minimal staff due to a hiring freeze while our case loads increase daily due to the state of the economy. Our Office of Financial Independence staff has experienced families applying for benefits who have never had the need before to request our services. Also our Social Services staff is experiencing an increase in workloads as a result of families not being able to provide for their households and/or reacting to their financial stress in a negative manner which have placed the children in neglectful or abusive situations. The funds provided by the county for operating expenses assist the staff in providing the families with the quality customer service that Columbia County is held in high regards for.

Our county budget is utilized to meet the needs of our foster children. Without these supplemental funds, our children would not have the same basic benefits that our own children have relating to clothing, medical, and incidentals needs. Also, our families whose situations do not meet the criteria for maltreatment are in need of general assistance as a source of prevention to avoid their status from becoming neglectful. This assistance also provides a stepping stone to improving the standard of living for the families in order to remain productive within the community.

The overall impact of a budget reduction will directly affect the daily lives of the families and children who are in the greatest need of services. When services cannot be provided properly, the community as a whole suffers.

SENIOR CENTER

FUND/DEPARTMENT NUMBER: 101-1716

MISSION

To develop and maintain a wide variety of quality services that promote the mental, physical and social well being of senior adults in our community, thereby, improving their standard of living.

VISION

Our department aspires to provide enrichment opportunities and programs for senior adults in our county through the development and implementation of innovative services to meet the needs of our aging population. We strive to partner with public and private service organizations to foster greater awareness and participation in available service programs as well as promote a positive public persona so as to encourage public input and the continued development of relevant and desired services.

DEPARTMENT DESCRIPTION

This department serves over 9,800 congregate meals annually to clients at the Senior Center. The senior center staff delivers over 35,000 meals annually to homebound clients through the Nutrition program. We also provide enrichment activities such as arts and crafts, educational presentations, recreational activities, and special events.

ACCOMPLISHMENTS FY 2012/2013

- Offered more outings for the seniors at a minimal cost
- Increased the daily attendance of senior citizens in the center
- Added new daily activities for the seniors in the center
- Enlarged the ceramics room
- Replaced worn furniture and kitchen equipment
- Increased the number of home delivered meals

GOALS FOR FY 2013/2014

- Continue to increase attendance of senior citizens daily in the center by offering a variety of programs and outings
- Maintain the number of home delivered meals for senior citizens as vacancies occur to ensure the maximum number of meals are delivered daily
- Conduct additional training classes for staff to ensure good customer service and professionalism while serving our citizens

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

FUND/DEPARTMENT NUMBER: 1013

MISSION STATEMENT

The Columbia County GIS Department's mission is to work together as a partnership with county agencies to provide accurate, consistent, accessible, and affordable state-of-the-art GIS Data, GIS Infrastructure, and GIS Analysis and Services to support the business needs of all the departments within Columbia County and the community we serve.

VISION STATEMENT

To provide a consistently high quality of spatial data and GIS services to all levels of Columbia County Government and the public.

DEPARTMENT DESCRIPTION

The GIS Department consists of a GIS Manager, a GIS Projects Manager, a GIS Technician IV, a GPS/GIS Technician IV, a GIS Planner, and an Addressing Technician. Most county departments depend upon the information gathered and published by the GIS Department for addressing, analysis, information, or mapping needs. The divisions and departments that utilize GIS include the Water Utility Division (Water, Sewer, Storm Water), the EMA Division (Risk Management, Fleet Services, Customer Service 3-1-1), the Financial Services Division (Accounting and Procurement), Community and Leisure Services Division (Animal Care and Control, Recreation, Libraries, Columbia County Clean and Beautiful), the Development Services Division (Planning, Engineering, Plan Review, Building Standards, and Code Compliance), Construction and Maintenance Services Division (SPLOST, Facility Services, Landfill, Property Acquisition, Green Space, Road Construction, Roads and Bridges, and Traffic Engineering), the office of the Deputy County Administrator (Information Technology and Columbia County Broadband Utility), the Tax Assessor's Office, the Tax Commissioner's Office, and the Sheriff's Office (911 dispatch, mapping, and addressing management), the Board of Elections, and Columbia County Fire and Rescue. External agencies served include Gold Cross EMA, Harlem and Grovetown Public Safety. GIS serves as liaison between County and Federal agencies such as US Census Bureau, FEMA, DNR/NRCS (Natural Resource Conservation Service, US Geological Survey, US Army Corp. of Engineers, and the Georgia GIS Coordinating Committee. The GIS Department provides services, as well as support and training, and maintains the central GIS library and software products. There are over 100 installations of an end-user GIS product for county employees. The publicly accessible Maps Online is maintained and updated through this department. The GIS Department is an integral component of County Administration under the direction of the Deputy County Administrator.

FUND/DEPARTMENT NUMBER: 1013

ACCOMPLISHMENTS FOR FY 12/13

- **Training and Committee Support:**

Sent GIS users to appropriate training, conferences, and workshops to increase proficiency in GIS applications and data development strategies. GIS Staff also trained internal departments in GIS and GPS use.

- Training and Conferences:

- URISA Users Conferences for Addressing
- Cityworks Server AMS Administration and Configuration
- Maintained URISA Membership for department
- ESRI training for ArcGIS10
- NENA National Emergency Number Association
- 3D Modeling and LiDAR Analysis

- Training provided to other departments:

- Trained county employees using certified ESRI Intro to GIS courses
- Trained crews to use Trimble GPS equipment
- Support for Columbia County Fire and Rescue
- Conducted Maps Online training sessions to maximize productivity in the field.

- **Federal Agency support:**

- US Census Bureau – Assisted census workers in address verification for American Community Survey.
- USGS, NOAA, FEMA – Partnership with National Mapping Initiative – Orthophotography and LiDAR
- Volunteered to be one of 60 counties nationwide to provide address point file, road centerline data and metadata to the US Census in trial program GSSI (Geographic Support System Initiative)

- **GIS Software Applications:**

Maintained and updated GIS applications for optimal use

- Implemented Cityworks Asset Management software for use in Water, Sewer, Storm water departments. Upgraded software and databases to version 12.1 in latter half of FY. Completed configuration and customization to streamline workflow processes, and conducted weekly meetings for users and management to improve criteria and reporting, to enhance training, and to assist with utilization.
- Implemented Cityworks Asset Management software for use in Traffic and Broadband Utility.
- Installed, configured and trained over 50 users for Earthmine viewer
- Installed, configured, and trained 10 users for advanced ArcGIS Earthmine editing tools.
- Added and updated layers for Maps Online and GISmo based upon departmental and public requests

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

FUND/DEPARTMENT NUMBER: 1013

- Created custom ArcGIS map documents for departments
- Assisted Sheriff's Office with GIS applications for their 911 and Crime Analysis OSSI databases. Update data layers to improve 911 call location recognition
- **Contracting:**
Maintained contracts with vendors providing specialized services
 - Spatial Data – Countywide orthophotography collection and processing
 - Fred Daniel Mapping Service (Tax Parcel and Plat boundary maintenance)
 - Woolpert (Cityworks Asset Management Implementation – ongoing)
 - CitySourced (mobile phone application “Citizen Reporter”)
 - Earthmine (street-level digital mapping)
- **Addressing:**
 - Regular contributing member of Subdivision/Plat Plan Review
 - Addressing of new development requests, as well as renumbering addresses
 - Provided addressing and final plats to internal and external departments/agencies
 - Continued to maintain the 911 National Intrado Master Street Address Guide (MSAG) and Primary Safety Answering Point (PSAP).
- **Departmental support:**
GIS provided mapping and analysis for the following departments and divisions as well as other services:
 - EMA:
 - Emergency Response mapping projects
 - Fire Station locations and 5 mile drive analysis of potential fire department sites
 - Water/Sewer:
 - GPS data collection and integration of Water and Sewer Department's data into GIS library and software products
 - Processing and verification of Water and Sewer data from GPS crews
 - Storm Water:
 - Continued collection of Storm Water GPS data and creation of annual EPD maps of infrastructure
 - Board of Elections:
 - Redistricting, including BOC and Voting Precincts
 - Planning: maintenance of GIS layers:
 - Zoning – rezonings and adjustment of boundaries to coincide with corrected parcel boundaries
 - General/Administrative:
 - Census Layer boundary Corrections (Census Tracts and Traffic Zones)
 - City Limits and Annexations (established procedure for update)
 - Harlem Zoning
 - Harlem Historical Districts

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

FUND/DEPARTMENT NUMBER: 1013

- Future Map for County Projects and improvements
 - Community and Leisure Services
 - Developed maps for Wildwood Park for online reservations and brochure
 - Broadband Utilities
 - Mapping and analysis to support crews
 - GPS support and collection of data
 - Facilities and Pre-Construction: Boat ramps, Landfill, Parade Routes, Parks, Un-surfaced Roads, Rest Areas
 - Finance: Compilation of construction costs and storm water inventory for yearly asset depreciation in accordance with GASB 34 reporting requirements
 - Sheriff's Office:
 - Crime Analysis: Sex Offender locations, Sex Offender "no-live" zones, Burglaries, Fatal Accidents
 - 911: Address and GIS support
 - 3D mapping analysis to determine terrain change, line of sight, and flooding simulations.
 - Data distribution to vendors/contractors to include but not limited to navigation providers such as Tom Tom and Navteq, 811 (Call Before You Dig), reverse dialing vendor and Georgia Department of Transportation
 - Data sales to individuals and agencies
-
- GPS projects
 - Community and Leisure Services:
 - Parks and Trails
 - Traffic Engineering:
 - GPS of sign infrastructure and condition
 - Traffic Intersection Signal Mapping/Inventory
 - Water Department:
 - Water Quality Sampling Sites
 - New Subdivision GPS inventory to include sanitary sewer, storm water, hydrants, valves, FOG, backflows, and road centerlines
 - Historical sewer trunk line, hydrants, valves
 - Broadband Utility:
 - Fiber optic cable and hand-hole mapping
 - Maintained map books for Storm Water Utility Maintenance, Sewer Service, and Broadband Utility Crews and contractors
 - Update data layers for printing of county road map

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

FUND/DEPARTMENT NUMBER: 1013

GOALS FOR FY 13/14

- Cityworks Asset Management Implementation: Improve the current enterprise-wide solution for Traffic Engineering, Broadband, Water Utility, Sewer, and Storm Water inventory and assessment, and upgrade to version 13, which will allow users in those departments to edit GIS data and attributes. Conduct training, maintain the extensive databases for employees, contractors, materials, and modify GIS data as updates occur.
- Implement Orthophotography collection from the spring of 2013 into software products such as ArcGIS, Maps Online, Cityworks Asset Management, Earthmine, GISmo, and other ArcGIS server broadcast services as they are developed.
- Upgrade SQL server and SDE to version 10.1 to enhance data access speeds and data dissemination. This process includes building data models that will be flexible for future data developments.
- Continue with Addressing process to ensure accurate data and database compatibility. This process serves as a central point for submission of subdivision data which will allow for timely updates of property boundaries and infrastructure data (water, sewer, storm water, roads, and building footprints)
- Extensive GPS effort to re-collect and locate missing problem areas for sewer, storm water, water system infrastructure.
- GPS data collection processing and conversion to GIS for all newly constructed areas, such as road, sewer, water, and storm water infrastructure.
- Update planimetrics for the entire county at the same low elevation. This will allow for updates of new construction as well as better resolution in the western section of the county. Implement planimetric layers to:
 - QC GPS data elevations
 - Determine accurate impervious surface for individual parcels
 - Update transportation network surfaces and types
 - Develop links and functionality to enable future use of building footprints with Munis permitting and addressing
 - Replace USGS hydrography layers with more accurate planimetric hydrography.
- Integrate new data with existing software applications and data library, and utilize the highly-accurate Digital Elevation Model in 3D modeling.
- Continue to implement 3D Street Level Imagery using Earthmine Technology and deploy for use with inventory, assessment, and emergency response.
- Offer ArcGIS courses for Columbia County employees (ESRI Certified)
- Conduct end-user training for GIS third-tier applications
- Upgrade Maps Online to an ArcServer based version
- Continue to QA/QC all GIS data layers to ensure spatial and attribute accuracy
- Continue to improve technical abilities by attending workshops, conferences, and training
- Streamline GIS service delivery for departments lacking expertise, and continue to provide custom analysis and cartography projects for departments as needed.

BUDGET HIGHLIGHTS

There is an ever-increasing demand for data and addressing from both internal and external customers. With continual changes to operating systems, GIS software and back-end database structure is constantly changing. Processes and procedures evolve to meet these high-demands, and data products that result from initiatives such as the parcel adjustment and subdivision development process, GPS collections, migrations of data from GPS to GIS, database management tasks, infrastructure inventory and information distribution are all critical to both internal and external entities. Addressing in the GIS department has allowed for the entire land records process to be streamlined from start to finish. The orthophotography that was captured in the spring of 2013 will be completely implemented in the 13/14 budget year, if not earlier, to assist with tax assessment, development, site location analysis, emergency response, as well as other uses. Cityworks Asset Management will continue to be improved and upgraded for Water Utility, Sewer, Storm Water, Broadband Utility, and Traffic. The use of Maps Online has increased greatly for both the staff and the public, and this six (6) year old website will be upgraded to use current technology and operating systems. The speed and amount of information that is available online has evolved to newer technology, and the flexibility of the GIS applications must follow suit. GIS data holdings continue to be refined and maintained.

PLANNING AND ENGINEERING DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1511

MISSION STATEMENT

"To advise the Planning Commission, Board of Commissioners, and public in development decisions to improve the quality of life in Columbia County and to provide effective implementation of land use planning."

VISION STATEMENT

We are committed to high quality development that is capable of accommodating desired growth. Our shared community vision embraces necessary innovation, proactive measures, and practical approaches as stewards of land. The County aims to provide places to live, work, and play, all located in a compatible relationship with the environment and with each other. Developments are encouraged to establish a sense of place, to be visually pleasing, functionally efficient, and to enhance the betterment and uniqueness of our community.

DEPARTMENT DESCRIPTION

The Planning and Engineering Department is responsible for maintaining and implementing the Growth Management Plan (GMP), for processing rezoning applications and for review of development site plans. This Department administers zoning and subdivision regulations, the Columbia County floodplain management program and Community Rating System Program. We disseminate floodplain and flood insurance related information to general public and assist Columbia County citizens to comply with County Flood Prevention Ordinance Requirements.

ACCOMPLISHMENTS FOR FY 2012/2013

- Completed Design Awards for 2012 to recognize outstanding development in the County.
- Completed codes related to Permitted Uses Tables.
- Participated in the Subdivision Design Committee and submitted report recommending the adoption of a Complete Streets policy.
- Completed Retirement Report with recommendations for the Board of Commissioners.
- Updated GMP to incorporate changes reflecting multi-family policy.
- Completed update of the Construction Standards and Specifications.
- Completed Compliance report
- Attended STORMCON conference
- Completed LOMR (Letter of Map Revision) in Betty's Branch

PLANNING AND ENGINEERING DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1511

GOALS FOR FY 2013/14

- Continue comprehensive overview of County Development Codes.
- Implement NAICS into the permitted use table and update Definitions
- Work on Retirement Study recommendations and associated code revisions
- Work with other related departments to improve the Community Rating System (CRS) under National Flood Insurance Program (NFIP).
- Continue code revisions related to the GMP update.

One Planner position was approved in July 2012 and was filled in January 2013. One additional Engineer joined this team in August 2012. Inquiries for all types of developments are increasing and continued growth is expected.

The Department has been operational as a combined Planning and Engineering office for over a year. With a dedicated team of professionals with diverse experience in the fields of Planning, Engineering, Floodplain Management, and Architecture, the analysis of zoning and development requirements and the review of plans are being approached pro-actively from a skilled, multi-disciplinary team which is highly capable of identifying problems and formulating effective solutions within a timely manner.

PLAN REVIEW / ENVIRONMENTAL / CODE DEVELOPMENT DEPARTMENT

FUND/DEPARTMENT NUMBER: 1513

MISSION STATEMENT

"To enhance the quality of life in Columbia County by providing reliable, proficient and effective engineering programs for management of sustainable development and natural resources in an environmentally responsible and aesthetically pleasing manner." To insure the prevention, investigation and enforcement action where there is noncompliance of County Ordinances and the 2006 IPMC related to but not limited to solid waste, property maintenance, zoning, occupation tax and violations related to alcohol sales. Provide educational services to insure the health, safety and general welfare of the citizens. Strive to provide a unique "One Stop Service" for all civil and architectural plans: focusing on a quality review with a quick response.

VISION STATEMENT

To continue being a lead public sector for the County's Plan Review, Environmental Compliance and Code Compliance Programs.

DEPARTMENT DESCRIPTION

The Plan Review/Engineering Department is responsible for review of public and private development plans (Preliminary Plat) in compliance with the Columbia County rules, regulations and codes as well as coordinating all other reviews with different internal departments. Perform Erosion, Sedimentation and Pollution Control (ES&PC) review of public and private developments for compliance with the Columbia County ES&PC rules, regulations and codes. Perform review of final plat for compliance with approved preliminary plat and for acceptance of improvements dedicated to Columbia County.

Facilitate the review process of all civil and architectural plans.

Perform environmental inspection of all subdivision and commercial sites under construction for compliance with ES&PC minimum applicable standards and rules, and regulations.

Perform engineering inspections of improvements (infrastructure) for residential and commercial sites (when such improvements will be deeded to Columbia County) for compliance with applicable Engineering Specifications and Standards.

PLAN REVIEW / ENVIRONMENTAL / CODE DEVELOPMENT DEPARTMENT

FUND/DEPARTMENT NUMBER: 1513

Perform on-site inspections, investigations and appropriate follow-up actions, including citations and appearance in court as required to handle disposition of and to assure compliance with the County Ordinance, the County Solid Waste Ordinance, the Occupation Tax Ordinance, Animal Service Ordinance, Property Maintenance, Manufactured Home and Subdivision Ordinance and Alcohol Ordinance.

Utilize AS400 to track and document all complaints received from citizens and pro-active field observations.

Work closely with other departments such as but not limited to the Sheriff's Office, Development Services, Tax Commissioners Office, Magistrate's Office, DA's Office, Animal Services, 311, Roads and Bridges, and Construction Maintenance.

EXTENSION SERVICE DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1514

MISSION STATEMENT

The mission of the UGA Cooperative Extension is to extend lifelong learning while improving the quality of life to the people of Georgia and specifically Columbia County. Educational programs and activities are provided through unbiased, research-based education in agriculture, the environment, communities, youth and families.

VISION STATEMENT

The University of Georgia Extension Service is committed to excellence in:

- Providing technical and educational support to horticulture/agriculture and consumers.
- Soil and Water testing for citizens
- Providing Agriculture, Horticulture and Environmental Sciences education for clients and county departments
- Providing programs through 4-H; teaching leadership, citizenship and service learning, developing tomorrows community leaders
- Taking the lead to help Georgians become healthier, more productive, financially independent and environmentally responsible
- Working cooperatively with other agencies in the event of emergencies, homeland security and natural disasters
- Educating Georgians with timely, accurate, comprehensive information
- Building coalitions to address issues facing communities, families, and youth
- Earning a reputation for integrity and respecting all people

DEPARTMENT DESCRIPTION

The Cooperative Extension Department meets people's needs by providing educational seminars in agriculture, the environment, families, and 4-H youth development; free publications to the public, and a resource for answering questions in these fields.

Agriculture and Environment - (1) Provide unbiased, research-based information in Agribusiness: The Food Industry; Agricultural Profitability; Alternative Agriculture; Endangered Species, Wetlands & Environment; The Green Industry (growers, retailers, landscapers, and allied trade); Home Horticulture; Integrated Pest Management (IPM); Natural Resources; Waste Management and Water Quality & Conservation; and **(2)** Provide soil and water sampling; and **(3)** Advice on safe pesticide use and handling.

EXTENSION SERVICE DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1514

Columbia County 4-H and Youth Development- With more than 3,200 4-H'ers, Columbia County 4-H develops a wide variety of youth programs to meet the needs of young people ages 9-19. 4-H supports quality programming, competitions, events, and experiences to help Columbia County 4-H'ers in Georgia "Make the Best Better".

Working closely with schools, to complement curriculum, 4-H is introduced through monthly 4-H programs held in class for every fifth grade student. 4-H'ers class officers are elected. 4-H'ers learn parliamentary procedure and participate in hands-on environmental education activities during monthly meetings. Continuing through the twelfth grade, 4-H'ers develop skills in leadership and citizenship, becoming mentors for younger 4-H'ers.

Family and Consumer Science - Strengthening American Families, the cornerstone of a healthy America, has long been a goal of The University of Georgia Cooperative Extension Service. For more than 75 years, Extension Family and Consumer Science educational programs have helped families develop the skills to choose nutritious foods, manage resources, provide quality care for children and dependent elderly, and become community leaders.

ACCOMPLISHMENTS FOR FY 12/13

- **Relocated into new office at 6420 Pollards Pond Road.** Site allowed for additional programs and capabilities for youth and adults programming. Lobby areas were remodeled with offices receiving a new coat of paint. Future renovations are planned.
- **Increased number of Master Gardener volunteers.** Due to attrition and the reduction in hours for a horticulture/agriculture agent; additional Master Gardeners were called on to volunteer in the office to field the mass numbers of calls coming into the office related to horticulture/agriculture and natural resources.

Beautification of the grounds continues at the Martinez Post Office is a major project initiated by Master Gardeners who have contributed nearly 500 hours to the Extension program in Columbia County.

- **Soil, Water, Lab Tests Submitted.** 645 samples were submitted to the University of Georgia's Environmental Services Laboratory for testing for Columbia County clientele. 615 were for soil test analysis; remaining tests were for animal waste mineral and nitrogen, plant disease analysis, water microbiology tests and water quality (lead and other minerals)

EXTENSION SERVICE DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1514

- **Columbia County 4-H** became the avenue for the **Water and Sewage Department to implement their best management plan by the required deadline**. This regulation is imposed by EDP to educate youth in water conservation and quality; specifically storm water education by the required deadline. 4-H presented programs in 76 5th grade classrooms with more than 2,200 students involved.
- The partnership **Columbia County 4-H and Toastmasters International** began eight years ago, and is still a strong partnership today. The “Master Toastmaster” instructors have volunteered more than 340 hours and graduated over 220 students. The program includes speeches and participation by all graduates. One parent recently commented, **“Tim would have never gotten through his Senior Project at school if he had not taken your program”**. Another parent called to tell me about his child Ivana’s achievements, “Ivana would have never won national FCCLA honors if it had not been for the leadership and public speaking skills she has gained through 4-H”.
- **Columbia County 4-H’ers raises \$3,892.44 for the local Salvation Army’s Red Kettle Campaign** and was recognized at the Salvation Army’s Awards Recognition Ceremony for having largest Red Kettle donation in the CSRA. In addition to volunteering to ring the bell, each of over 80 4-H clubs made their own Red Kettles to collect donations. During the past twelve years Columbia County 4-H’ers have raised more than \$28,000.00 to support the Salvation Army’s efforts.

The outcome has been support for the Salvation Army, but ultimately the increase in compassion and commitment to community gained by the youth involved, priceless.

- **4-H Volunteers:** 5245 Volunteers gave 2026 hours to the Extension program; valued at \$37,794 in salary savings.

EXTENSION SERVICE DEPARTMENT

FUND/DEPARTMENT NUMBER: 101-1514

GOALS FOR FY 13/14

1. With continued budgetary constraints; increase the number of volunteers in Extension programs by 20% during the year to continue to provide the quality of service for clients.
2. With the retirement of the county horticulture/agriculture agent a Master Gardener Volunteer Coordinator will be recruited. This individual will be a volunteer responsible for training other Master Gardeners to work in the office. Responsibilities will include establishing a calendar of individuals to come into the office and field the mass numbers of calls coming into the office related to horticulture/agriculture and natural resources questions.
3. Work with the Columbia County officials to renovate the Extension office to better meet the needs of the community.
4. With this renovation Columbia County Extension will use additional resources from the University of Georgia to establish an educational center. The center will provide a wider variety of services and educational programs from local extension agents, the College of Agriculture and Environmental Sciences, College of Family and Consumer Sciences and additional support from University of Georgia specialists, and the Fanning Institute.
5. Work with the Extension Advisory Leadership Board to advocate to Columbia County Government and University of Georgia administrators the need to hire a County Extension Agent for Agriculture/Horticulture and Natural Resources as soon as possible.

TRAFFIC ENGINEERING DEPARTMENT

FUND/DEPARTMENT NUMBER: 234-2710

MISSION STATEMENT

To effectively manage the operation of the Traffic Engineering program in order to provide the highest quality service possible for the citizens and public utilizing our streets and roadways.

VISION STATEMENT

To provide a safe environment for the traveling public utilizing the streets and roadways of Columbia County with emphasis on the safety, operation and quality of our vehicle and pedestrian networks and the associated traffic control devices.

DEPARTMENT DESCRIPTION

The Traffic Engineering Department is responsible for coordinating, organizing, planning, directing staff, and activities including the preparation and administration of operating and capital budgets. We perform onsite evaluations, accident analysis, traffic signal and multi-way stop warrant studies, roadway and intersection safety recommendations and assist with the drafting of zoning/subdivision regulations. We review commercial and residential property developments and coordinate with developers; design and plan new intersections, roadway improvements and system management controls. We advise and guide County Commissioners on matters pertaining to traffic and roadway safety. We maintain computer records, reports and correspondence as well as coordinating with local utilities, state, city and county officials and outside contractors for state, county and private projects.

ACCOMPLISHMENTS FOR FY 12/13

- Continued the development of the operation and systems of our TCC (Traffic Control Center)

TRAFFIC ENGINEERING DEPARTMENT

FUND/DEPARTMENT NUMBER: 234-2710

BUDGET HIGHLIGHTS

One significant impact on future budgets to consider is that as the county continues to grow and expand its road network, we must provide for additional equipment. The number of traffic control devices and the complexity of the operation of them will require highly skilled staff to continue to maintain and operate this equipment at a satisfactory level. We have the opportunity to manage our overall system with much more efficiency with our Traffic Control Center.

Another important impact to consider is that, as we continue to implement our overall sign inventory/maintenance program (as required by FHWA), we will possibly have to fund additional equipment/material/personnel to provide this necessary operation. As with the other traffic control devices, the number of signs will continue to grow as the county expands its road network.

CONSTRUCTION & MAINTENANCE SERVICES DEPARTMENT

FUND/DEPARTMENT NUMBER: 234-2720

MISSION STATEMENT

To effectively manage the capital improvement program and to provide exceptional maintenance for all county buildings and roads.

VISION STATEMENT

To achieve excellence in quality construction and maintenance of all county-owned real property, roads, bridges and other infrastructure.

DEPARTMENT DESCRIPTION

The Construction and Maintenance Services Division is responsible for managing the Capital Improvements Program. Our objective is to complete capital improvements as rapidly as funds will allow, keep projects on schedule, and ensure contracts stay within budgeted amounts. We have developed a system to match revenues with expenditures in order to generate the maximum value of projects consistent with internal and external resources. The Division is also tasked with ensuring that all county roads and bridges are maintained in safe condition. The Roads and Bridges department meets these objectives with outstanding expertise and demonstrated performance. Additionally, the Division is responsible for internal services such as maintenance of county facilities, managing utility services and oversight of contracted employees assisting with janitorial. Our Facility Maintenance department has a solid reputation for excellent work.

ACCOMPLISHMENTS FOR FY 12/13

- Provided leadership and support to the departments within the Construction and Maintenance division to achieve the goals set forth in their respective departments.

GOALS FOR FY 13/14

- Continue implementation of the SPLOST, TSPLOST and General Obligation Bond projects
- Continue to maintain and improve county paved and dirt roads
- Continue to maintain and improve county buildings and facilities

BUDGET HIGHLIGHTS

While the number of facilities, roads and county-maintained infrastructure continue to increase, the Construction and Maintenance Division will be tasked with providing the same level of services with fewer resources, as revenue collections are down due to the current state of the economy.

SPECIAL PURPOSE LOCAL OPTION SALES TAX, GENERAL OBLIGATION BOND PROJECTS AND OTHER CAPITAL PROJECTS

MISSION STATEMENT

To effectively manage the 2006-2010 and 2011-2016 Special Purpose Local Option Sales Tax programs, T-SPLOST, General Obligation Bond Projects and other capital projects.

VISION STATEMENT

To achieve excellence in long range facility and transportation planning, and to meet or exceed the public's high expectations for quality construction, on-time delivery and facilities that are completed within budget.

DEPARTMENT DESCRIPTION

The Road Construction Department, Facilities Services Department, and Property Acquisition Department are responsible for managing the Capital Improvements Programs. Our objective is to complete capital improvements as rapidly as funds will allow, keep projects on schedule, and ensure contracts stay within budgeted amounts.

GREEN PROGRAMS DEPARTMENT

FUND/DEPARTMENT NUMBER: 531/5310

MISSION STATEMENT

To enhance the quality of life in Columbia County by preserving the natural beauty and environment in our community and to provide recycling opportunities, beautification programs, waste and litter reduction and environmental stewardship education. Through education and community involvement, we are encouraging a sense of community pride and responsibility that will make our citizens more environmentally responsible.

VISION STATEMENT

To continue providing events and programs geared toward educating citizens on the importance and benefits of developing and maintaining a “green” lifestyle. To extend education opportunities for litter reduction, beautification, and other environmental improvements and to recognize excellence in environmental and beautification improvement. To encourage partnerships with businesses, civic groups and volunteers. Continue to expand the existing recycling program and to further outreach to schools and civic groups.

DEPARTMENT DESCRIPTION

The Green Programs Department was created as a department within the Construction & Maintenance Services Division and is comprised of the Recycling Program and Keep Columbia County Beautiful. This department provides recycling options and green lifestyle events and programs to the citizens of Columbia County.

ACCOMPLISHMENTS FOR FY12/13

BUDGET HIGHLIGHTS

Baker Place Rd MSW Landfill opened in October 1982 and remained in continuous operation for 24 years closing in July 2006. Although facility managed as an Enterprise Fund only 12 years of its operating life, sufficient reserve funds had been secured at its closure to meet State mandated Financial Assurance requirements for entire site.

RENTAL FACILITIES & VENUES DEPARTMENT

FUND/DEPARTMENT NUMBER: 561-5600/5620/5622

MISSION STATEMENT

Strive to meet expenditures with revenue while providing quality facilities for local residents and businesses to host special events, meetings, performances and family events.

VISION STATEMENT

Offer quality venues at a competitive price for any type of event while exceeding the expectations of all clients. Out-perform like facilities in the area in effectiveness, efficiency and overall number of events and guests.

DEPARTMENT DESCRIPTION

The Rental Facilities & Venues Department is responsible for maintaining, staffing, promoting, selling, booking and executing all events within the departmental facilities which include; Savannah Rapids Pavilion, the Historic Canal Headgates Buildings, the JSH Performing Arts Center, Eubank Blanchard Center, and several picnic pavilions. This department will also oversee the newly constructed Exhibition Center located in Grovetown. The Exhibition Center is set to be completed in June of 2013.

RENTAL FACILITIES & VENUES DEPARTMENT

FUND/DEPARTMENT NUMBER: 561-5600/5620/5622

BUDGET HIGHLIGHTS

The drop in event numbers is related to two issues; the condition of the deck and the failing economy. In addition to the condition of the deck dissuading clients from renting, we had a four month long renovation process that caused many cancellations.

We do have a great outlook for Fiscal year 13/14 due to the opening of the Exhibition Center in Grovetown. This will add to our overall inventory and be able to accommodate the clients that were outgrowing Savannah Rapids Pavilion as well as attract newer, larger user groups.

The expected decline in the percentage of operating expenses covered is due to the added cost of the new facility but in a few years, that should reverse and only add to what we have to offer as well as increase our annual revenue.

RISK MANAGEMENT DEPARTMENT

FUND/DEPARTMENT NUMBER: 611-6100

MISSION STATEMENT

To protect the assets of Columbia County while still allowing the county departments to effectively provide services to our citizens and recognizing that our employees are our most valuable asset, to provide a safe working environment for all employees of Columbia County.

VISION STATEMENT

We will work to identify all significant exposures and develop and administer appropriate programs to reduce potential liability and losses to Columbia County, thereby protecting our employees and property as well as providing a safe environment for the community we serve.

DEPARTMENT DESCRIPTION

Risk Management is a department within the Emergency and Operations Division. Offices are located in the Emergency Operations Center at 650-B Ronald Reagan Drive, Evans, GA.

This department charged with responsibility for:

- Identification of risk exposures from, or to, county operations and employees
- Analysis and elimination or reduction of these risks through task modification, safety training, personal protective equipment and other appropriate measures
- Loss control through rapid, appropriate response to incidents and effective claim administration
- Coordination and management of an effective combination of risk financing options including cost retention and transfer through insurance or other appropriate means to provide for the best use and highest level of protection with limited resources
- To practice risk management in a manner that will provide for the highest level of customer service and expertise to county departments in matters relating to safety and loss control

ACCOMPLISHMENTS FOR FY 11/12

- Accomplished all requirements for Safety Incentive reduction of insurance premium
- Completed and implemented Americans with Disabilities Act Policy
- All staff completed update requirements to maintain currently held certifications
- Provided defensive driver training for all Sheriff's Office personnel
- Obtained instructor certification and expanded defensive driver training classes to include "Alive at 25"
- Completion of Property Valuation Report

RISK MANAGEMENT DEPARTMENT

FUND/DEPARTMENT NUMBER: 611-6100

GOALS FOR FY 12/13

- Completion and implementation of Risk Management module in Munis
- Risk Manager to obtain Associate in Risk Management for Public Entities (ARM-P)
- Maintain requirements needed for certifications
- Accomplish all safety incentives required by ACCG for insurance premium reduction

BUDGET HIGHLIGHTS

- Increased exposures with the addition of Fire Department Assets and Personnel
- Increase in Casualty Expense Request for 2013/2014 – This line code has not been increased in 10 years even as exposures and values have increased significantly. Costs from natural disasters (lightning strikes) as well as defense costs for active lawsuits from prior year's events result in an expectation of increased costs.

3-1-1/CUSTOMER SERVICE AND INFORMATION CENTER – FY13/14

FUND/DEPARTMENT NUMBER: 631-6300

MISSION STATEMENT

To provide a premier integrated customer service system with information tracking capabilities for both internal and external customers, in addition to supplying quick, efficient, courteous, accessible, responsive and seamless assistance for all concerns, complaints, and needs.

VISION STATEMENT

To be the only telephone number that citizens need to call for assistance with any and all government services by consolidating customer service calls for all county departments within the 3-1-1 call center to truly become a “one-stop” customer service center.

DEPARTMENT DESCRIPTION

The **3-1-1 Customer Service Department** is managed by the Emergency & Operations Division Director. The Customer Service Representatives provide general information requests for internal and external customers, maintains a complaint database, contacts departments for specific responses to complaints, provides follow-up information to the complainants, and prepares a monthly summary report of complaints for dissemination to all departments and elected officials.

ACCOMPLISHMENTS FOR FY 12/13

- Continued to answer calls for additional departments within the county to alleviate workload for those departments.
- Continued implementation of Tyler Citizen Connect Customer Service software
- Participated in “Staff Development Day” to provide customer service skills to other departments for continued communication.
- Call and assistance information is listed in the tables below.

GOALS FOR FY 13/14

- Train CERT members to staff 3-1-1 during EOC activation
- Complete implementation of Tyler Citizen Connect software application for 3-1-1
- Maintain training with existing staff on changes in government needs and services
- Improve written training program for new employees
- Continue improving efficiency so that more calls can be handled with existing staffing level
- Continue cooperative agreement with City of Augusta for management 3-1-1 calls that overlap boundaries.

GLOSSARY OF TERMS

Bond: A certificate of debt issued by a government to finance a capital expenditure or other liabilities in which payment of the original investment plus interest is guaranteed by a specified future date.

Bond Rating: A system of appraising and rating the investment value of individual bond issues.

Budget: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single year. The term budget is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating body for adoption and sometimes the plan finally approved by that body. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

Budget Amendment: A change in an amount in any budget line during the fiscal year.

Budget Calendar: The schedule of key dates which the County follows in the preparation, adoption and administration of the budget.

Budget Document: The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body. The budget document usually consists of two parts. The first part contains a message from the budget-making authority, together with a summary of proposed expenditures and the means of

financing them. The second consists of schedules supporting the summary. These schedules show in detail the information as to the past years actual revenues, expenditures and other data used in making the estimates. In addition to the budget document, an appropriation ordinance will be necessary to put the budget into effect.

Budget Message: A general discussion of the proposed budget presented in writing to the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the government experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.

Budget Resolution or Ordinance: The official enactment by the Board of Commissioners authorizing the appropriation of revenues for specified purposes, functions, or activities during the fiscal year.

certain records classified as public information.

Operating Budget: The portion of the County budget pertaining to daily operations that provide basic services. The operating budget contains appropriations for such expenditures as salaries, fringe benefits, commodities, goods and services.

Operating Expenditures: Costs associated with the non-capitalized materials and services required in the daily operation of service delivery such as office supplies, maintenance supplies, professional services, and rental fees.

Operating Services: Expenditures for goods and services which primarily benefit the current period and are not defined as capital or personal services.

Ordinance: See “Budget Resolution or Ordinance”

Other Financing Sources: Non-operating revenue received used to assist with county operations such as insurance recoveries, gift/donations, and the sale of surplus fixed assets.

Other Taxes: Taxes collected as authorized by Georgia Law or County Ordinance such as sales tax, beer tax, and hotel-motel tax.

Penalties & Interest: Fees collected for violations or delinquent payments.

Personal Property: Mobile property not attached to real estate, including tangible property (furniture, equipment, inventory, and vehicles) and intangible

GLOSSARY OF TERMS

property (stocks, taxable bonds, and cash).

Personal Services: Expenses for salaries, wages, overtime, expense allowances, worker's compensation, health/life insurance, retirement employee benefits, and other benefits.

Proprietary Fund Types: Sometimes referred to as income determination or commercial-type funds, the classification is used to account for a government's ongoing organizations and activities that are similar to those often in the private sector.

Real Property: Immobile property such as land, natural resources above and below the ground, and fixed improvements to land.

Recreation Advisory Board Fund: A special revenue fund used to account for various projects sponsored by the Recreation Advisory Board to raise funds for recreation equipment.

Rental Facilities Fund: An enterprise fund used to account for the operations and maintenance of all County rental facilities.

Reserves: Appropriations of funds set aside to cover unanticipated or contingent expenses, shortfalls in revenues and special trusts.

Resolution: See "Budget Resolution or Ordinance"

Restricted Fund Balance: Limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors,

contributors, or laws or regulations of other governments or imposed by law through state statute.

Revenues: (1) Increases in governmental fund type net current assets other than expenditure refunds and residual equity transfers. (2) Increases in proprietary fund type net total assets from sources other than expense refunds, capital contributions, and residual equity transfers.

Revenue Bond: A certificate of debt issued by a government in which the payment of the original investment plus interest is guaranteed by specific revenues generated by the project financed.

RFP: Request for Proposal – document requesting vendors to respond with a proposal for a specific project or service outlined in the request.

Risk Management Fund: An internal service fund to finance automobile, general liability and property liability risk from loss.

Sheriff's Gift/Donations Fund: A special revenue fund used to account for funds donated to the Sheriff's office from external persons or entities.

Solid Waste Management Fund: An enterprise fund used to account for the cost of operating and maintaining the landfill facility.

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for a specific purpose.

GLOSSARY OF TERMS

SPLOST: Special Purpose Local Option Sales Tax – a sales tax imposed in the county for a predetermined period to be used for a specific purpose. A SPLOST must be approved by the citizens of the county through a majority vote.

Special Local Option Sales Tax Fund 2001-2005: A capital projects fund used to account for the property acquisition and construction of projects designated to be funded by revenue from the special purpose local option sales tax collected during 2001 through 2005.

Special Local Option Sales Tax Fund 2006-2010: This Capital Projects Fund accounts for the property acquisition and construction of projects designated to be funded by revenue from the special purpose local option sales tax collected during 2006 through 2010.
